Jay Bonner a former candidate for Congress, former Chair of the Circuit 15 Juvenile Justice Board, co-founder of Circuit 15 Faith & Community Network, co-founder of the Character Council of Palm Beach County, member of the Church of the Nazarene in Palm Beach Gardens, a professional land surveyor, owner of Sunshine Surveyors, President of Dominion Ministries, faithful husband and a Child of the King reveals a way that faith and community leaders can take back America for the Glory of the Lord.

Prelude

I want to thank the Lord for all who have prayed for and mentored me along the Way of Holiness.

Isaiah 35:8-10 New International Version

8 And a highway will be there; it will be called the Way of Holiness; it will be for those who walk on that Way. The unclean will not journey on it; wicked fools will not go about on it.

9 No lion will be there, nor any ravenous beast; they will not be found there. But only the redeemed will walk there,

10 and those the Lord has rescued will return. They will enter Zion with singing; everlasting joy will crown their heads. Gladness and joy will overtake them, and sorrow and sighing will flee away.

The goal of this book is to rally the faith and community leaders to take back America for the Glory of the Lord by ushering in the Kingdom of Heaven.

Contained within are revelations given to Jay Bonner during his time spent running for Congress, the United States House of Representatives, Florida Congressional District 20 and what God has revealed to date.

Gratitude and Testimonies of Others

I want to thank Greg Longhurst for showing me some grammar and spelling corrections to an earlier release of this book. I have been given the ability to think in three-dimensions which works well as a Professional Land Surveyor in discovering 3D conflicts working off 2D drawings. Throughout my life I have relied upon others to help me write and to spell the correct word. Thank you, Greg, for your review.

I want to thank Leslie Bonner, my sister in-law, for her encouragement and her perspective that changed the ending of this book.

Chapter One – Born to be wild

Born to Be Wild by Steppenwolf pretty much symbolizes my early life as a teenager.

<https://youtu.be/igvP806798U>

I was a bad boy. The black sheep of the family. My brother Greg, said he was glad I was his brother because I taught him everything he shouldn't do. I was lost in the early 70's becoming a full-blown hippie. Long hair and everything you can imagine. I was lied to at age 15 and dropped out. If the world is a lie, then I am just going to go out and have fun. What a mistaken young man. This was at the latter part of the Vietnam war. Thank God my bingo ball was not called. (a) I did not have to go to war. What a crazy time and I was one of the crazies.

(a) During the latter part of the Vietnam war draftees were chosen by a cage of 365 balls. As a ball was caught the number was read and the birthdate assigned to that ball was ordered to report for service. My bingo ball did not fall, Praise the Lord.

I did graduate from high school and was expelled from college a year and a quarter later only to end up renting sailboats at Phil Foster Park in Riviera Beach, Florida. What a fun job. I just couldn't make any money. Then I went back to school at Palm Beach Junior College and got a two-year degree in land surveying over a three-year period. I got a new job working full time on a land survey field crew with an engineering and land surveying company while going to college at the same time. Still drinking and drugging. Life was a party.

After college, I moved to a second land surveying company where I gained the required five years of responsible charge running field crews and coordinating the work product with the drafting team to get my Professional Land Surveyor license with the State of Florida. Life was still a party.

Upon receiving my license as a Professional Land Surveyor, I moved to a third company, an engineering and surveying company. Where I became the vice president of the land surveying department. What a mistake. I had so much money that the bookkeeper would ask me to cash in my paychecks because I was messing up her books. I was the playboy with a fast car dating fast women. Life was a party.

The problem was my party life was taking a toll on my body. I was a functioning alcoholic reeking of booze all the time. My body was falling apart and I knew it. Addicted I couldn't stop.

I was blessed and didn't know it at the time. My mother never stopped praying for me. Thank God for the Power of a mother in prayer. (a) I encourage you parents to never stop praying for your children. Prayer works, it worked on me. My Mom passed away on Father's Day June 20, 2021 to be with my Heavenly Father and my earthly father who passed away August 10, 2020.

(a) A Mother's Prayer by Dr. Ralph Stanley <https://youtu.be/kPqooBFc21M>

My secretary had a friend of hers. A really nice Christian girl. I was not dating Christian girls. So, to shut up my secretary I took the Christian girl out to a company party. That Christian girl was nice. She introduced me to a Christian lifestyle without booze and to the Church of the Nazarene where I found the Truth in the person of Jesus Christ. Debbie is a keeper. I married that Christian girl.

John 14:6 New International Version

6 Jesus answered, "I am the way and the truth and the life.

No one comes to the Father except through me.

Debbie and I came back from our honeymoon only to be told the company was in financial trouble and as an officer of the company I needed to forgo my salary. I resigned as vice president and founded Sunshine Surveyors in April 1987.

Chapter Two – New life, Saved and Sanctified

In chapter one I gave you a very short, 17-year period, of my messed-up life to be able to testify that it was the power of Jesus Christ that transformed me into a Child of the King. God is real and He Loves you. If He can transform me, He can transform you. Just ask, He would Love to become your God, Spiritual Father and King.

September 1989 Debbie and I joined the Church of the Nazarene in Palm Beach Gardens, Florida. We've been a part of that Church ever since. If you are not a part of a Church Family, please seek after one. No one can make it alone. This is why we are called a Family of God. America needs to become one big family, loving God and loving our neighbors as Christ Loves you.

I came to Jesus Christ a mess. Filled with stinking thinking. I needed my mind renewed.

Romans 12:1-2 New International Version

1 Therefore, I urge you, brothers and sisters, in view of God's mercy, to offer your bodies as a living sacrifice, holy and pleasing to God—this is your true and proper worship.

2 Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is—his good, pleasing and perfect will.

My regeneration was not easy. I was a very messed up young man. It took the first three and one-half years riding the altar just to accept the Love of God. Like many I have counselled, I struggled with how could God Love me. My last drink I estimate was January 5, 1995. Praise the Lord!

I am still growing in Grace and Love, my relationship with God and with my brothers and sisters in Christ. This fellowship in Christ is Love, a relationship. It is not a religion.

The Church of the Nazarene teaches there is a second blessing. An opportunity to obtain Entire Sanctification, the Perfect Love of God. I was encouraged by the Church to go all the way.

On October 4, 1997 over 600,000 Christian men descended on Washington DC for Stand in the Gap, A Sacred Assembly of Men, a day of personal repentance and prayer for our nation. I was one of the men there that day. I had been fasting and praying prior to the event, struggling with praying for my government. As a recovering hippie, rebellion against the government was a major part of my past life. It was the government that lied and my parents bought into the lie. Who could I trust? I have come to put my trust in Jesus Christ.

Proverbs 3:5-6 New International Version

5 Trust in the Lord with all your heart and lean not on your own understanding;

6 in all your ways submit to him, and he will make your paths straight.

Tis So Sweet to Trust in Jesus by Acapeldridge <https://youtu.be/UCtQMiNITkk>

My pastor was with me that day and he suggested we go up the capitol steps and pray. On my knees in front of the capitol, God took out my stony heart and replaced it with a heart of Perfect Love. Before that moment it was all about Jay. After that moment it was all about Love. The Love of God and the Love of my neighbors as Christ Loves me. I cried the rest of the day. That is my Entire Sanctification story. Something I could never do for myself Christ did for me. Praise the Lord!

John 13:34-35 New International Version

34 "A new command I give you: Love one another. As I have loved you, so you must love one another.
35 By this everyone will know that you are my disciples, if you love one another."

I came home from Washington D.C. a changed man. God opened so many opportunities for me to testify to His Glory. One such story is that I was working with a steel building contractor who was about to go to court over the construction of another building. He explained the city was imposing design changes that raised the cost of construction. He explained both his client and the city were at a nasty impasse and the meeting tonight was scheduled to be the last before going to court. I suggested he go into the meeting asking for forgiveness. He did and the city in return also asked for forgiveness. That meeting concluded with a compromise saving the client thousands of dollars in requested design changes. The steel contractor was beaming with the Joy of the Lord the following day having witness the change of men's hearts.

I was in a ditch measuring the location and elevation of a newly constructed water main when God called me to go see the project manager of the job. I went to see him only to be told by his secretary the manager is not accepting phone calls or visits from anyone. I told her I was just called by the Lord to come and see him. I was allowed into the office only to find the project manager typing a letter of resignation. He was so overwhelmed with the responsibility of the job that his only way out was to quit. We prayed through. He didn't quit and God is using him in Glorious Ways today.

As a volunteer youth pastor, I took a group of teens to youth camp one summer. One of the youths was struggling with spending more time playing basketball than with the Lord. I informed him that life is filled with choices and that he has to choose which is more important. The last night of chapel I watched God touch that young man's heart during praise and worship. The house got wildly filled with the Holy Spirit. The next morning the leader of the praise and worship team expressed they had never before experienced the infilling of the Holy Spirit as last night. The following week that youth told the Pastor he was going to take his job. Praise the Lord!

Life in Christ goes on and on. The Love of God is unending. Attaining Holiness is not the end all. Loving in Holiness each and every day till we all come in unity of Prefect Love is a life filled with the Joy of the Lord. This new life in Jesus Christ changed my engagement with the community.

July 2002 Jay Bonner established the Character Council of Palm Beach County and worked with the School District promoting the Six Pillars of Character.

As the Chair of the Circuit 15 Juvenile Justice Board from July 2005 through June of 2009, Jay Bonner demonstrated his ability to focus government and community leaders on the needs of our youth in the juvenile justice system.

Mr. Bonner and the Circuit 15 Juvenile Justice Board worked with Palm Beach County State Legislators, Palm Beach County Commissioners, and the Alternative Education Department for the School District of Palm Beach County to secure state funding for additional classroom space at the Palm Beach Regional Juvenile Detention Center.

December 2006, Mr. Bonner launched the Circuit 15 Faith & Community Network in Palm Beach County to raise awareness and to address the needs of the youth and their families entering the juvenile justice system.

January 2008, Jay Bonner received The Edith Bush Community Service Award from The Martin Luther King, Jr. Coordinating Committee in appreciation for outstanding community service.

November 2009 the Florida Department of Juvenile Justice through the Circuit 15 Faith & Community Network launched the statewide Chaplaincy program.

November 2014 and November 2018 Jay Bonner was on the ballot for Congress, United States House of Representatives, Florida Congressional District 20.

There is a Way of Holiness, Entire Sanctification, a Perfect Love that is attainable. Don't stop, keep going, you're almost there.

1 Peter 1:14-16 New International Version

14 As obedient children, do not conform to the evil desires you had when you lived in ignorance.

15 But just as he who called you is holy, so be holy in all you do;

16 for it is written: "Be holy, because I am holy."

Chapter Three – Lord Please Save America

God never does for anyone what he can do for himself. Perfect Love by J. A. Wood, Section VIII, Question 73

God has prepared a way for men and women of faith who fear God, know the Truth and hate dishonest gain to take back America for the Glory of the Lord. God's prepared way is found within The Declaration of Independence and the Constitution of the United States.

How are the people to be governed? By whose authority are they to be governed? They are to be governed by a sovereign grant of authority from the Almighty God granted to the Lord Jesus Christ and the Lord Jesus Christ giving that authority to men. (Sam Soleyn)

Ephesians 1:22-23 New International Version

22 And God placed all things under his feet and appointed him to be head over everything for the church,

23 which is his body, the fullness of him who fills everything in every way.

Psalm 115:16 New International Version

16 The highest heavens belong to the Lord, but the earth He has given to mankind.

Video 3 – Birthed in Prayer – July 24, 2017 – https://youtu.be/B-XJwNw44_c – Transcript

We have reached a point in the history of man to where we need God to save America. Many say we have gone too far; we can't return, we are in the last days. Be encouraged for God wants to save America.

History repeats itself. When we look at the history of Israel as found in the Old Testament of the Bible. We find when people obeyed God they were blessed and when they disobeyed God they weren't. This national cycle from blessing to sin, from sin to blessing repeats itself, time and time again. Simply stated we choose to be blessed by God or not. We choose to live in the Kingdom of God or the kingdom of man.

So, we are living in this mess, the making of man's own design by believing the created knows better than the Creator. That God doesn't exist. That He needs to be removed from our government, our schools and He should not be allowed to make any public appearances. America is at the low point on the national cycle from blessing to sin, from sin to blessing. America has purposed to separate itself from God. Be encouraged for God wants to save America and He wants to use you!

So, what science-based research model can we use to bring America back to life, back to a Holy relationship with God. Let's look at the model found in The Declaration of Independence. The beginning of the last paragraph of The Declaration of Independence it states: We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the

good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States.

I want to emphasize these words “appealing to the Supreme Judge of the world”. An appeal to “the Supreme Judge of the world” is prayer. When you appeal to God, you appeal to God in prayer. The United States of America was founded in prayer as written in The Declaration of Independence. Prayer changes everything. Prayer changed me. And the prayer found in The Declaration of Independence changed the world!

In starting our journey to save America we need to recognize we need God to save America. That we need to pray, appeal to Him and if you are ready for God to use you, repent for the Kingdom of Heaven is at hand. Thank you for your prayers. May God bless you and may God bless America.

Psalm 14:1 New International Version

1 The fool[a] says in his heart, “There is no God.”

They are corrupt, their deeds are vile; there is no one who does good.

[a] The Hebrew words rendered fool in Psalms denote one who is morally deficient.

Video 4 – Five Principles – July 26, 2017 – <https://youtu.be/nMqzoQE12MM> – Transcript

In my journey through The Declaration of Independence I discovered five principles that I would like to share with you today.

1. There is a God
2. He is the Creator
3. Our rights come from Him
4. Our moral foundation is found in the Bible
5. God is the Supreme Judge of the world

The fifth principle has already been discussed in Video 3 and it is found in the last paragraph of The Declaration of Independence. Where there is an appeal that is made to the Supreme Judge of the world. When you appeal to the Supreme Judge of the world which is God, you appeal to God in prayer. The Declaration of Independence contains a prayer in the last paragraph of The Declaration of Independence. That’s principle number five.

I want to highlight here principles one through four.

The first two principles; There is a God and He is the Creator is found in the second paragraph of The Declaration of Independence. It says; “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.” Well, the Creator that is referred to in The Declaration of Independence is God. God is and was the Creator of the earth in all that we see, all that we have in terms of possession right now. He was the Creator of all things.

It's interesting in The Declaration of Independence that they mention this and they said that all men are created equal. That is an interesting concept. How can we all of be created equal? When you are looking through the eyes God. When you are looking through eyes of the Creator, we are all equal. He has given us all equal opportunity to love Him. He has given us all equal Blessings. He has given us all His Love. So, in the eyes of God and in His plan, we are created equal. His goal and His plan for all of us is that we could come to recognize, in Him we are equal and in being equal we could be in His Love, in His Love equal.

So, we're looking at the first two principles one is that there is a creator. A creator being God and that God created us and He created us all equal.

The third principle is that our rights come from Him. Now this is an interesting concept that was introduced through The Declaration of Independence. Which is part of the power that our founding fathers called upon. You see at the time; the colonies were owned by the king. The king was the highest level of authority. The king actually gave the colonies the right to exist. The idea and the concept here, was that we're going to go to the next highest level. We're going to declare in The Declaration of Independence that our rights do not come from man or from a king. That our rights come from God a higher power than a king and that in doing so we can end up being able to supersede or go beyond the tyranny that the king was giving to us. Question to you, if our rights do not come from God who do they come from? Well then, they come from man and if our rights come from man say a king then our rights can be changed. What The Declaration of Independence is declaring is that No! There is a God, that He is the Creator, and that our rights come from Him. In that our rights come from God means that our rights cannot be changed. That our rights are unalienable, unchangeable rights.

Here we have three principles that are pivotable for the power that our founding fathers were given in order to be able to separate or to declare, an also to achieve the independence from the king of England.

The fourth principle is our moral foundation is the Bible. Now this is going to be very controversial in today's society and culture. For nearly two-hundred years or so it has been known that our nation was founded on the Bible and the principles that are found in the Bible. The reference to the Bible actually shows up in the first paragraph of The Declaration of Independence. Now most of the time when you hear The Declaration of Independence read or given to you, they start out reading by the second paragraph which says "We hold these truths to be self-evident". The first paragraph has been taken away or has been separated or has been neglected to be brought forward. The first paragraph actually reads:

"When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation."

Declaring of the causes was the body of The Declaration of Independence. In the very first paragraph it gives where they are calling upon the powers. The power that the founding fathers are calling upon in order to separate. It is interesting that they say these powers are entitled. There is a power of the earth "the separate and equal station to which the Laws of Nature and of Nature's God entitle them". You're looking at this as a blessing that is given from God; when you recognize there is a God, when you recognize He is the Creator, when you recognize that our rights come from Him. That when you tap into this power, the power of the Laws Nature and of Nature's God, which you are entitled. You are given this blessing that we are not experiencing today because we have chosen to remove God from our country, to remove God from our schools, to remove God from our government. We're several generations away from even having a personal relationship with God.

What are the Laws of Nature and of Nature's God? The Laws of Nature very simply are the natural laws. God the Creator created earth. He created earth with natural laws that govern the dimension of existence that we live in today. When we learn the Laws of Nature and learn to govern them and to control them, we get things like electricity, lights, air planes, cars and cell phone communication. The Laws of Nature is the natural law that we live in, that we study and we gain an understanding of through our education in science, engineering, mathematics and technology. The Laws of Nature are very simple and there are powers that are contained within the Laws of Nature that give us power when we begin to understand and control them.

The second principle which is the Laws of Nature's God. The Laws of Nature's God are contained in the Bible. As I said before the Laws of Nature's God is the Bible. This principle has been known for two-hundred years or so. It has only been since the early 1960's or so that we have purposed to remove God, the understanding of who God is and that our nation was founded on the Bible. This will be controversial in modern times but in the past when you go in there it's not going to be so controversial.

We have four principles of power that we need to tap into. We need to tap into the principals; there is a God, He is the Creator, that our rights come from Him. Then we need to recognize all of our powers, the relationship with God Almighty happens through the Laws of Nature and through Nature's God being the Bible.

My intent and purpose here is to hopefully encourage you to read The Declaration of Independence. Probably for most of you the very first time. To hopefully through this inspiration and understanding that we have as the blessing of our country through God that we can bring forth a spiritual revival. A spiritual revival that will happen through our greater understanding of The Declaration of Independence which will lead us to a personal relationship with God Himself.

I also am hoping that through reading The Declaration of Independence you will begin to understand the gigantic monumental step that we as human beings took at July 4, 1776. Then my hope is that we could end up coming together equal in the eyes of God. That we could become an America that recognizes that there is a God, that He is the Creator, that our rights come from Him and that the Bible is the moral foundation of our country. In doing so we could have a government of elected men and women of faith who fear God, know the Truth and hate dishonest gain. Then these men and women of faith could form

a government that exalts God instead of removing God from our country. May God bless you and your family and may God bless America. **End of Video 4 Transcript**

Ephesians 4:1-6 New International Version

- 1 As a prisoner for the Lord, then, I urge you to live a life worthy of the calling you have received.
- 2 Be completely humble and gentle; be patient, bearing with one another in love.
- 3 Make every effort to keep the unity of the Spirit through the bond of peace.
- 4 There is one body and one Spirit, just as you were called to one hope when you were called;
- 5 one Lord, one faith, one baptism;
- 6 one God and Father of all, who is over all and through all and in all.

Only in the Love of the Creator can we consider each other equal. Consideration comes first, then acceptance. Acceptance is Love.

God given unalienable rights of Life, Liberty and the pursuit of Happiness are given equally to all men.

The Laws of Nature is God. These Laws are attributes of the Father in His creation. Science is the study of the Character of God.

In the year 1776 the King of England was considered Divine, the Divine rights of Kings. The introduction of the concept “that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness” went contrary to the Divine rights of Kings edict of the time. The Declaration of Independence ended the curse of kings upon all mankind from the beginning found in 1 Samuel 8. I recommend looking up the history of Divine rights of Kings.

1 Samuel 8:6-9, 19-22 New International Version

- 6 But when they said, “Give us a king to lead us,” this displeased Samuel; so he prayed to the Lord.
- 7 And the Lord told him: “Listen to all that the people are saying to you; it is not you they have rejected, but they have rejected me as their king.
- 8 As they have done from the day I brought them up out of Egypt until this day, forsaking me and serving other gods, so they are doing to you.
- 9 Now listen to them; but warn them solemnly and let them know what the king who will reign over them will claim as his rights.”

- 19 But the people refused to listen to Samuel. “No!” they said. “We want a king over us.
- 20 Then we will be like all the other nations, with a king to lead us and to go out before us and fight our battles.”
- 21 When Samuel heard all that the people said, he repeated it before the Lord.
- 22 The Lord answered, “Listen to them and give them a king.” Then Samuel said to the Israelites, “Everyone go back to your own town.”

The Divine Right of Kings ended July 4, 1776 with God becoming the King of kings, Lord of lords. We have a responsibility to restore His Kingdom and His Power in America.

I want to keep this simple. We have failed to project God's vision for America. We have reached a point in our nation's history to where it is against the law to teach the entitled powers found in The Declaration of Independence. God, please forgive us for we do not know Your vision for America. Oh, Lord where can we go to learn your entitled powers?

All men are created equal – The Declaration of Independence

Sunday, September 5, 2021 my pastor preached a message on James 2:1-10 dealing with favoritism within the Church. This message reminded me of the ideal relationship presented in The Declaration of Independence "that all men are created equal". James 2:8 states: If, however, you are fulfilling the royal law according to the Scripture, "You shall love your neighbor as yourself," you are doing well. (NASB) This ideal relationship that founded the United States of America can only happen through a sanctified infilling of the new commandment written in John 13:34-35. New International Version
34 "A new command I give you: Love one another. As I have loved you, so you must love one another.
35 By this everyone will know that you are my disciples, if you love one another."
God is Love.

God through my Pastor's message opened up a whole new revelation on the self-evident truth, that all men are created equal. Back in the year 1776 all men were not equal. An autocratic monarch, a king existed. The king was not equal to the people. The king was divine. The divine right of kings. The people were subjects to the king. The king gave the Colonies the right to exist. That rights to the people were given or taken away by the king. The Declaration of Independence says no. That all men are created equal, that they are endowed by their Creator with certain unalienable Rights. That God given Rights are equally given to all mankind and these rights are not changeable, unchangeable Rights. That among these are Life, Liberty and the pursuit of Happiness. Later on, the Bill of Rights was added to the Constitution of the United States expanding the list of God given Rights. These Rights are given equally to all mankind by God. Therefore, the phrase, all men are created equal.

The divine right of kings asserted that a monarch is not accountable to their subjects because their right to rule is derived from God. The perceived belief was that any attempt to oppose the king ran contrary to the will of God. This is exactly what The Declaration of Independence did, it opposed the right of the king of England to rule over the Colonies. This was serious. So much so that an appeal to the Supreme Judge of the world for the rectitude of our intentions was made in the last paragraph of The Declaration of Independence. The divine right of kings ended July 4, 1776 and "We the People" became a self-governed nation with the Blessing of God.

History repeats itself. The Old Testament of the Bible gives many examples of when the people followed God they were Blessed and when they chose to separate themselves from God they were cursed. Today we in America have chosen to separate ourselves from God. Lord, please save America. We have no clue what a Blessing we were given July 4, 1776.

Video 19 – Read Your Bible – May 18, 2018 – <https://youtu.be/Q0WLzQBh-JI> – Transcript
Last Monday Night Bible Study we had a young man that was there and it was the second time he had visited our Monday Night Bible Study and he made a mention that he's never read the Bible. This guy comes from a church background he's been involved in and engaged with a church. I was somewhat

taken back. How could you be a Christian be involved in the church and not have read your Bible? Well, I had a board meeting last night with the church board and the Pastor was there. I mentioned to the Pastor and those that were there about this young man who hadn't read the Bible. The Pastor informs me that, Jay that's the overwhelming majority of the people. They don't read their Bible. I've just been thinking. Here we are, we're in a struggle for our nation, for our country. We have reached a point to where we are actually praying God, please save America. Then we as Americans, we haven't tapped into the power. The power that is contained in The Declaration of Independence. You look at the first paragraph in The Declaration of Independence it lists the power, the Laws of Nature and Nature's God that were called upon to actually give the founders or those who were actually separating from the king of England the Divine Power to get the independence that we now cherish and have today.

The interesting thing is also that The Declaration of Independence in the first paragraph says that this power the Laws of Nature and Nature's God is entitled, that it's an entitlement. So here we are in the land of the free and the home of the brave. We're struggling because we're under attack; our country, our nation, our moral foundation is under attack and we have this power that has been given to us. The power of the Laws of Nature and Nature's God. The laws of Nature's God being the Bible itself and were not reading it. So, my suggestion to "We the People" of the United States if want to take back our country let's start reading the Bible. Applying this power that we have, that we have been given, through the Bible, through our Lord and Savior Jesus Christ, through God the Father to actually usher in the Kingdom of Heaven right here on earth, right here, right now.

Christ in the beginning of his ministry went to John the Baptist and John the Baptist message was repent, for the Kingdom of Heaven is at hand. Then Jesus first message was repent, for the Kingdom of Heaven is at hand. Then Jesus sent His disciples out with the message repent, for the Kingdom of Heaven is at hand. I have always been wondering what is this big repentance that we here in the United States need to, as a general people, all of us in a general way, what can we repent of? Each one of us have our individual sins. What could be a national repentance that we can repent for? Our national repentance could be that we just haven't read our Bible. We haven't used the power that has been given to us that has been spoken to in The Declaration of Independence. That they used in the past to give us the independence. Here we are struggling for our freedom, we're struggling for our independence and our liberties. Trying to do so without the very power that God has given to us.

The simple course, we need to bow down and we need to pray Lord forgive us for we have failed in reading Your Word and tapping into Your Power. Lord grant us the power that is contained in Your Word that we may usher in the Kingdom of Heaven right here right now on earth as You have called on us to pray. Our Father which art in heaven, Hallowed be thy name. Thy kingdom come, Thy will be done in earth, as it is in heaven. (Matthew 6:9-13)

Wow, wouldn't that be so simple if all we would do is just be to pray, read our Bible, tap into the power that is contained in the Bible and actually use that power to save America. Simple, very, very simple. May God bless you and may God bless America. [End of Video 19 Transcript](#)

Matthew 4:17 King James Version

17 From that time Jesus began to preach, and to say, repent: for the kingdom of heaven is at hand.

We need to repent. The overwhelming majority of those who are Christians have never received the second blessing, God's anointing of His Perfect Love. We therefore are lacking the greatest power on earth, Entire Sanctification, the Power of Love.

I was once told that a dirty rag can never clean itself. It needs soap, water and scrubbing. It was the scrubbing part I found to be hard. During my time of regeneration, God in His Kind and Loving Manner would say to me "what about this, can you give this up for Me". Of course, I would come back and say "You don't mean that". Only to eventually give in and say "yes Lord".

If I had to change all my bad habits all at once I would have never made it. But God in His Loving Grace took me up one step at a time working with me on each step before going to the next. What a wonderful awesome God we have, a gentle Loving Father. What step are you on?

God wants to save America and he wants to use you anointed in His Perfect Love. He wants to use men and women of faith who fear God, know the Truth and hate dishonest gain to take back America for the Glory of the Lord.

Video 11 – Attitude of Leadership – Jan 31, 2018 – <https://youtu.be/KENooWyyjJI> – Transcript
Many of you have been praying and I have "Lord please save America". Well, the way God is going to save America is that He is going to use us. Men and women of faith who fear God, know the Truth, and hate dishonest gain. Now this attitude of leadership comes from Exodus 18:21 where Jethro gives instructions to Moses and he says that you need to select men who fear God, men of truth, and also men that hate dishonest gain. Well, I have modified this instruction from Jethro a little bit in the fact we're in the dispensation of Christ. Where we have been given the Lord, Jesus Christ. In John 14:6 Christ says, "that I am the Way, I am the Truth, and I am the Life". So, I've changed Moses' instructions just a little to where we need to elect men and women of faith who fear God, know the Truth. Know the Truth being knowing Jesus Christ and hate dishonest gain.

The attitude of fearing God, I have read and studied and come upon you know where there's an awesomeness of God and the awesomeness of God is that we should be fearful, reverent of Him. But just recently we had a Bible Study and in that Bible Study, Paul wrote in 1 Corinthians 2:3-5 that he was fearful in what he was writing. It wasn't that he was fearful of how the Corinthians would receive his message. He was fearful that his message that he delivered was of God and not of him. So, when we look at electing men and women of faith who fear God, we need to be looking at men and women of faith who fear that their leadership diverts from God. From the message of God. So, they need to be cautious that everything they say and do in the position of being elected as an official that they are under the authority of God. So, when we say men and women should fear God, we're looking at men and women that fear that they should constantly be in the presence of God and His Holy Spirit and in His Love. In all that they say and do and their actions of their leadership should be through the Blessings of our Lord and Savior Jesus Christ.

Now know the Truth, fear God, know the Truth, and hate dishonest gain. Well, we know the Truth. Knowing the Truth is a lot more than believing the Truth. There are many that believe in Jesus Christ. Even the demons believe in Jesus Christ we're told in the Bible. (James 2:19) But to know the Truth is

completely different. To know the Truth is to have a personal relationship with Jesus Christ and so with Christ being the Way, the Truth, and the Life we're looking at Christ being the Cornerstone of the Church also of our faith and belief. We need to know Him. So, there's a difference between just believing in Jesus and knowing Jesus Christ. When we elect men and women of faith, we need to look at electing men and women of faith who fear God, know the Truth and hate dishonest gain.

The third principle of hate dishonest gain is the problem that we're facing right now in Washington. Is that it's all about money. In the kingdom of man, it's all about money. Men rule by money. In order for the kingdom of man to exist God has to be removed from our country. We are looking at a very corrupt governmental system that's even corrupted to the highest level of our Supreme Court. Highest level of our justice system that is purposed to remove God from our country because money is the rule not God. In order to save America, we're looking at we need to elect men and women of faith who fear God, know the Truth and hate dishonest gain. The hate of dishonest gain means that they aren't corrupted by money, that they aren't corrupted by greed, that they aren't corrupted by the greed of power and money.

If you've been one who has been prayed Lord, please save America then we need to look at electing men and women of faith who fear God, know the Truth and hates dishonest gain. May God bless you and may God bless America. [End of Video 11 Transcript](#)

Job 28:28 New International Version

28 And he said to the human race, "The fear of the Lord—that is wisdom, and to shun evil is understanding."

The Pew Research Center in January of 2021 released a report titled: Faith on the Hill – The religious composition of the 117th Congress. The Pew Research Center annually has produced a similar report since 2008. The 2021 report states that nearly nine-in-ten members of Congress identify as Christian (88%). When I discovered this information, I was floored. I was somewhat taken back. How could this be? If 88% of the 117th Congress identifies as Christian, where is the Love? The Love of God and the Love of your neighbors as Christ Loves you. The Lord led me to this scripture.

Revelation 3:14-22 New International Version

To the Church in Laodicea

14 "To the angel of the church in Laodicea write: These are the words of the Amen, the faithful and true witness, the ruler of God's creation.

15 I know your deeds, that you are neither cold nor hot. I wish you were either one or the other!

16 So, because you are lukewarm—neither hot nor cold—I am about to spit you out of my mouth.

17 You say, 'I am rich; I have acquired wealth and do not need a thing.' But you do not realize that you are wretched, pitiful, poor, blind and naked.

18 I counsel you to buy from me gold refined in the fire, so you can become rich; and white clothes to wear, so you can cover your shameful nakedness; and salve to put on your eyes, so you can see.

19 Those whom I love I rebuke and discipline. So be earnest and repent.

20 Here I am! I stand at the door and knock. If anyone hears my voice and opens the door, I will come in and eat with that person, and they with me.

21 To the one who is victorious, I will give the right to sit with me on my throne, just as I was victorious and sat down with my Father on his throne.

22 Whoever has ears, let them hear what the Spirit says to the churches.”

The United States Congress represents the spiritual position of “We the People”. If “We the People” were hot for the Lord so would our representatives to Congress. The problems “We the People” are facing with our representatives to Congress is of our own making. “We the people” need to repent. Then elect men and women of faith who fear God, know the Truth and hates dishonest gain. This lukewarm presence of God in the governmental arena has perpetuated the removal of the Love of God from our schools and our community. We have sinned by not electing men and women of faith who fear God, know the Truth and hate dishonest gain to sit at the table where the decisions are made.

My latest revelation is the leadership prayer found in Psalm 119. All of us and our elected lawmakers should be familiar with and pray Psalm 119.

Video 8 – An Appeal to Heaven – December 19, 2017 – <https://youtu.be/CPHOpNUdzmY> – Transcript
Throughout our nation’s history there have been appeals that have been made to heaven. The first reported appeal that we have as a nation is found in The Declaration of Independence. Where in the last paragraph of the Declaration there’s an appeal that is made to the Supreme Judge of the World. The Supreme Judge of the World of course is God and God is in heaven. So, you are looking at a prayer is written in The Declaration of Independence as an appeal to the Supreme Judge of the World.

George Washington in the very beginning commissioned six naval vessels and those naval vessels needed a flag. So, George Washington created a flag which was a white banner with an evergreen tree (a pine tree) on it, which is later known as the liberty tree, with the words “An Appeal to Heaven”.

Our country has been birth in prayer. There is more information about that’s found in Video 3. What I want to talk with you today about is that there is an appeal that God makes to mankind. That appeal that God makes is found in Matthew. You have the story of John the Baptist. Where John the Baptist message was “repent for the Kingdom of Heaven is at hand”. (Matthew 3:1-2) Jesus Christ then latter after being baptized by John the Baptist. His first message was “repent for the Kingdom of Heaven is at hand”. (Matthew 4:17) Then when Jesus sent his disciples out on their missionary work with discipleship. The message was what he gave them was “repent for the Kingdom of Heaven is at hand”. (Matthew 10:5-7)

So, you have God himself through His son Jesus Christ, through John the Baptist, through the disciples where an appeal has been made from God himself to mankind and that is to “repent for the Kingdom of Heaven is at hand”. Well, we’re looking at His creation right here, right now. In God’s creation He has given us the opportunity to have heaven on earth. We’ve been told that this is how you pray and we’ve been given the Lord’s Prayer. “Thy kingdom come, thy will be done on earth as it is in heaven”. (Matthew 6:9-13) Well, He’s not kidding. God is serious. When He says something it’s for real. He says that the Kingdom of Heaven is at hand. It’s really a discission that we make in a manner of, will we acknowledge God? Will we allow God to be the King of Kings and the Lord of Lords? If so, then we have an opportunity through repenting and asking for forgiveness. Accepting the blessing of the forgiveness of our original sin through the offering that was given at Calvary through Jesus Christ. Then through the

repenting and the asking of forgiveness for each one of our personal sins that we've committed throughout our life and may continue to commit down our life. That we need to work on as we mature in our relationship with God.

So, this appeal that God makes to us is that we have the great privilege and the opportunity in this dimension of time and space that God has created for us to actually live in heaven right here on earth. Obviously, that's not happening. We have a lot of pain and a lot of suffering that's happening in this world and the reason being is because we have money that is ruling instead of God that is ruling. In order to save America. In order to take America to the next level of relationship in God we need to repent and His instruction is "repent for the Kingdom of Heaven is at hand".

Now the example that we've been given is in the Book of Jonah. Jonah has been given a message to take to Nineveh. His message was to repent. The king of Nineveh then recognized their sin and he called on a fasting and prayer time. For all to basically humble themselves and come to the Lord and to repent and to ask for forgiveness. In doing so, God saved Nineveh. I truly believe through the historical process that we see in the Bible that when we as a nation as a county will come down and pray and will ask God to forgive us. That He will forgive us, but He will also give us a blessing of His Holy Spirit that will then take us to this next level of relationship with each other and with God himself.

We have a history of an appeal of heaven that was made as a nation. We also have an opportunity that God has given to us that we in making an appeal to Him, through the asking of forgiveness, we can really truly have heaven right here on earth. May God bless you and may God bless America.

Video 26 – The plan to take back America – Mar 26, 2019 – https://youtu.be/8Qf0Qun_rPs – Transcript
There're certain qualifications that we as individuals need to have in order to take back our country.

(1) First qualification is that we need to identify the America that we want to take back. The America that I am bringing forward here is the America that's found in The Declaration of Independence. To take back America, the America I want to take back is the American dream that is found in The Declaration of Independence. So, each and every one of us needs to know what that American dream is. They need to read and understand for yourself that American dream that is found in The Declaration of Independence. (Video 14 found later in this chapter)

(2) The second part of the qualifications to take back America is that you need to recognize that we have a purpose and that purpose is to usher in the Kingdom of Heaven. More information about the Kingdom of Heaven is found in (Video 13 found later in this chapter).

(3) On personal level for qualifications to take back America you need to seek, obtain and retain sanctification. Now there are three levels of sanctification that's been identified. There's the initial sanctification that comes through the forgiveness of our sin through Jesus Christ our Lord and Savior. Then there's a second layer of sanctification which is a regeneration sanctification. As the Holy Spirit

begins to wash and clean and purge you from your desire to sin you then end up reaching a point of Holiness and at that point of Holiness God ends up touching you in a very special way. That is the third sanctification. The ultimate sanctification would be to have a living loving relationship with God all the time.

Once you have these qualifications in order to take back America, we have an action plan. That action plan would be:

(4) To elect men and women of Faith who fear God, know the Truth and hate dishonest gain. There is more information dealing with this subject on (Video 11) located in Chapter 3.

(5) We need to correctly use the original intent of the Constitution of the United States. Need to recognize the Constitution and its value and its original intent.

(6) We need to repeal the pretended laws that removed God from America. There is more information dealing with this subject on (Videos 20, 24 and 31).

(7) Get out of the debt money system. End debt slavery to the bankers. There is more information dealing with this subject on (Videos 28 and 6).

(8) Enhance the punitive justice system with a restorative justice system. There is more information dealing with this subject on (Videos 10, 12, 17, 18 and 22).

(9) The goal of all of this is to secure our God given right to Life, Liberty and the pursuit of Happiness. The function of government, the purpose of government as established in The Declaration of Independence is to secure our God given rights. Doesn't it make sense that men and women of faith who fear God, know the Truth and hate dishonest gain would be more apt to protecting our God given rights. I think so. That is why we need to elect men and women of faith who fear God, know the Truth and hate dishonest gain to protect those God given rights. (View Video 11 located in Chapter 3)

(10) To create a government that exalts God instead of removing Him from our country. This is a disaster. This is a lie we have that has been perpetrated upon our nation and that is, why wouldn't we want to end up living in Love. Because God is Love. God is the ultimate Love. We're looking at those that want to remove God from our country do not know nor understand the Love that God has. I pity them and also pray for them. That they could come to a relationship with God through Jesus Christ and in so come into a level of sanctification where they know this Love of God. Why would we want end up having a county that removes God from our country? It would be like wanting a country to remove Love from our country. That's absolutely insane, stupid.

(11) All of us will become a kingdom of priest and we would live in a Holy nation.

Exodus 19:5-6 New International Version

5 Now if you obey me fully and keep my covenant, then out of all nations you will be my treasured possession. Although the whole earth is mine,

6 you will be for me a kingdom of priests and a holy nation.’ These are the words you are to speak to the Israelites.”

(12) As we grow in grace and grow in God’s dream that he has for His creation in His country. Through a Holy nation that we would become an authentic community. Which means that we would actually care for each other. That we become families that would be strong. We would also become intimate and vulnerability with each other. All of our fences, all of our walls, everything would be set aside and we would truly end up becoming men and women who Love each other. Love God and Love our neighbor as Christ Loves us. May God bless you and may God bless America. **End of Video 26 Transcript**

Video 14 – Vision for America – March 24, 2018 – <https://youtu.be/xfXklQOG0eo> – Transcript
Monday night I had an opportunity to meet with a pastor at Monday Night Bible Study that we have at the Church. This pastor was from another Church. He hasn’t visited in a while. I had a great opportunity to talk with him about this vision that God is revealing to me all about The Declaration of Independence. Well later on that evening after our study we met and talked. He says “You know Jay that vision of The Declaration of Independence just isn’t going to end up making it for me”. I knew where he was coming from because I have heard this complaint before. The complaint has to deal with the fact the messengers are not qualified. That when you look at the signers of The Declaration of Independence, they were old, rich, white guys, some of which who held slaves. How could they ever be given this possession of this vision for America. There’s like no reason why I even want to end up looking at The Declaration of Independence. Well, this concept that I just wrote about is part of the enemy’s plan to turn us away from the vision that God has in The Declaration of Independence. The reason being is because the messengers aren’t qualified.

When you go into the Bible and you take a look at who were the messengers of the Gospel of Jesus Christ. The first and probable most prominent within the whole New Testament happens to end up being Paul. Apostle Paul before he came to know Jesus Christ as his Lord and Savior. Before he had his transformation. He was a murder of Christians. One that killed Christians. (Acts 22:3-4) It is interesting that God would choose a murder of Christians to be His main messenger of His vision.

When you look at The Declaration of Independence, when you look at the founders being slave owners, white, rich guys you could easily end up saying they’re not qualified based upon the kingdom of man’s qualifications. When you look at the Kingdom of God’s qualifications usually, He uses the least in order to confound the most and that is shown time and time again. When the wise is confounded by the uneducated. That gives evidence of God’s inspiration and vision. I say this to encourage you that the qualifications in bringing forth this message, God wants to empower the poor in order to bring them up in the power of the message that is contained in The Declaration of Independence.

Another roadblock when you start talking about running for Congress or any elected position is that it cost money. Money happens to detour a lot of people from thinking about running for an elected office. Especially when you look at Congress. As soon as you start talking Congress people are talking about how are you going to raise hundreds of thousands of dollars? It is interesting because in the kingdom of man that’s another qualification for running, is can you raise money. Money determines whether you can run for Congress or not.

In the Kingdom of Heaven or the Kingdom of God when Christ sent out His disciples, He told them to leave their money belts at home. Whenever Christ needed money to pay a tax for instance. He told His disciples to go and pull out a fish from the water and take the coin out of the mouth of the fish to pay the tax.

Matthew 17:27 New International Version

27 “But so that we may not cause offense, go to the lake and throw out your line. Take the first fish you catch; open its mouth and you will find a four-drachma coin. Take it and give it to them for my tax and yours.”

So, you are looking at if we’re going to truly have a Spiritual Revival where God ends up saving America. Where you look at men and women of faith begin to elect men and women of faith who fear God know the Truth and hate dishonest gain. It’s not going to be money. God doesn’t want to end up using money. God wants to use people. Spirit filled people who are bringing forth this message and His vision that He has for America, not what we have for America. So, it’s a matter of we have to, one we have to die to ourselves at a personal level and two we have to end up being filled with the Holy Spirit. Then we need to recognize that we don’t have to die to go to heaven once we’re Spirit filled, once we have God. That we actually usher in the Kingdom of Heaven being Spirit filled and Spirit lead. We make that happen today. The Kingdom of Heaven can end up happening right here right now on earth as it is in heaven. We’re looking at through those that have one, given their heart to Jesus Christ which means dying to self and coming alive in Christ. Then two, recognizing that God wants to bring Heaven on earth here right now.

There was the message from John the Baptist and the message was: the Kingdom of Heaven is at hand.
Matthew 3:1-2 King James Version

1 In those days came John the Baptist, preaching in the wilderness of Judaea,
2 And saying, Repent ye: for the kingdom of heaven is at hand.

Jesus Christ in His first message was: the Kingdom of Heaven is at hand.
Matthew 4:17 King James Version

17 From that time Jesus began to preach, and to say, Repent: for the kingdom of heaven is at hand.

Jesus sent His disciples out: the Kingdom of Heaven is at hand.
Matthew 10:5-7 King James Version

5 These twelve Jesus sent forth, and commanded them, saying, Go not into the way of the Gentiles, and into any city of the Samaritans enter ye not:
6 But go rather to the lost sheep of the house of Israel.
7 And as ye go, preach, saying, the kingdom of heaven is at hand.

Our message and our elected officials’ message need to end up looking at being, “repent: for the kingdom of heaven is at hand” and to encourage people to live like we are living in heaven today.

It was interesting in our discussion that we had at Monday Night Bible Study is that we got to the order of Melchizedek. Melchizedek was a king but he was also a priest. Abraham actually gave him a tithe of

the spoils from bringing Lot back from captivity. Christ is of the order of Melchizedek. (Hebrews 5:6 and Psalm 110:4) Could it possibly be that this vision, this concept, this idea of ushering the Kingdom of Heaven could be looking at ushering Melchizedek's in fulfilling the position of elected officials?

As we went on in our conversation Monday Night, the pastor there brought in the thought of Nehemiah. He goes and says are you going to end up being the one that is going to rebuild the wall, being Nehemiah? Are we going to end up calling you a Nehemiah? I never thought about this but in the discussion that I had with him, we talked about The Declaration of Independence being the founding document of the United States of America. Then we talked about the Constitution which came in on the twelfth year of the United States of America and the Constitution of the United States is actually the wall of protection for our God given rights. To really be Nehemiah and to rebuild the wall. Rebuilding the wall that we're looking at, trying to rebuild, would be the original intent of the Constitution. I'm not talking about man's intent; we are talking about God's intent. God's original intent for the Constitution of the United States. Where you have the Laws of Nature and Nature's God being the moral foundation for America. Where you have the Constitution of the United States being the wall of protection that separates powers and protects our God given rights.

I'm just in this vision, this concept, this vision of God as being revealed to me. I really am amazed that He would end up even giving me these ideas and thoughts. They are ongoing in terms of their revelation. I'm not this all-knowing guy. I'm just a professional land surveyor that happens to seek after the Lord who has actually prayed God, please save America then gets called to run for Congress. I don't know what the next move is, the next step is, but I do know who does know the next move and the next step in our journey towards saving America.

I hope this encourages you. I hope you consider running for office. I hope you continue to pray: God, please save America. May God bless you and may God bless America. **End of Video 14 Transcript**

Video 13 – Kingdom of Heaven – March 15, 2018 – <https://youtu.be/xRSBJ1zo1Z8> – Transcript
Many have been praying, "God please save America". I wish at this time somehow some way we could rally all of us that have actually prayed "God please save America". That we could pull us all together, unite us all as one, come together in the Spirit of God and actually see God saving America.

I have come to recognize that God does want to save America. That God has always wanted a people He can call His Own and God wants to use you and God wants to use me to usher in the Kingdom of Heaven right here, right now on earth. Now in my journeys and the discussions with men and women of faith, there are many that believe that they have to die to go to Heaven. Honestly a personal relationship with God in itself is Heaven. To have that relationship with Him can happen right here right now. We can live today on earth in His Spirit and be guided and directed by Him. In doing so literally bring Heaven to earth today.

Many of you have prayed the Lord's Prayer.

Matthew 6:9-13 King James Version

9 After this manner therefore pray ye: Our Father which art in heaven, Hallowed be thy name.

10 Thy kingdom come, Thy will be done in earth, as it is in heaven.

11 Give us this day our daily bread.

12 And forgive us our debts, as we forgive our debtors.

13 And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, forever. Amen.

In the Lord's Prayer we are actually praying God's Will be done. God's Will is that we would live in Heaven and Heaven is a personal relationship with Him. Therefore, in having a personal relationship with Him we can actually live in Heaven today right now. That we don't have to die to go to Heaven. We can live in Heaven in Him right now through His Spirit. Is your Heaven a place or a relationship?

The will of God as prayed for in the Lord's Prayer happens right here, right now, in everything we say and in everything we do, as we walk and talk, each and every day right here, right now on earth in us.

God wants to use a Spirit filled, a Spirit lead people to restore His Kingdom and His Power in America. So, Repent: for the Kingdom of Heaven is at hand. Matthew 4:17 King James Version

The United States of America was founded as a Christian nation. There are many today that will tell you that is not. You can look at The Declaration of Independence and in there I have outlined in Video 3 and Video 4 the Biblical foundation of our country that lies with the Laws of Nature and Nature's God. There is power that we receive as Christians, men and women of faith, that we are not using. This power that's an entitlement as being an heir to the Kingdom of Heaven we have been denied.

The interesting thing is that fifty-six percent of adult Americans if asked will confess they believe in God as described in the Bible. (a) The problem is that the fifty-six percent have no idea what that entitles them. The power that is given them. That is because the enemy has been very successful in removing God's entitled powers from our lives, from our families, our schools, our community. In the most prosperous time in human history, we are dying spiritually as a nation. (a) Pew Research Center Report – When Americans Say They Believe in God, What Do They Mean? – April 25, 2018 (George Barna in America at the Crossroads, 2016, states: "eight out of ten adults claim to be Christian" on page 66.)

These two scriptures came to mind.

Matthew 6:33 New International Version

33 But seek first his kingdom and his righteousness, and all these things will be given to you as well.

The interesting thing in this scripture found in Matthew 6:33 is that Jesus Christ was talking physical. God is always talking Spiritual. We're looking at His greatest restoration that He could end up bringing forth would be a personal relationship, a restoration of His relationship with you. In that personal restoration what comes about is you receive the Spirit. This second scripture came to mind.

Galatians 5:22-23 New International Version

22 But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness,
23 gentleness and self-control. Against such things there is no law.

Isn't this really how we would all love to be able to live? We're talking about in love, in joy, in peace, to have patience, to have kindness, goodness, to be faithful, to be gentle, and to have self-control. This is attainable through the presents of the Spirit that is given to us as a gift through the shedding of the blood of Jesus Christ paying the penalty for our sin. Then Him dying at Calvary and giving to us the gift of the Holy Spirit which allows us the opportunity through the Spirit to have this personal relationship with God today.

How do we take back America for the Glory of the Lord? First, those of us who confess to be a child of God, a Christian, an heir to the Kingdom of Heaven, we need to connect with the entitled powers found in Laws of Nature and of Nature's God documented in The Declaration of Independence as the moral foundation of America.

Now in videos 3 and 4 I go into more detail in the explanation of the foundation of The Declaration of Independence. When we are talking about saving America we need to go back to the foundation of America. America was founded by The Declaration of Independence. The Constitution of the United States of America came within the twelfth year of America as established through The Declaration of Independence.

In The Declaration of Independence, the men that declared our independence called upon power. The power that they called upon was the power contained in the Laws of Nature and Nature's God. We need to recognize that as a Christian we have the opportunity to tap into this power, this restoration power. That can end up bringing our nation back to God. Which can end up bringing our country back to one nation under God indivisible with liberty and justice for all.

Once we've recognized and we have attainment, an understanding and a knowledge of the power. Then we have the opportunity to end up using the bylaws of the foundation of America. The bylaws are contained in the Constitution of the United States of America which creates the limited powers that are given to man in order to form a more perfect union, an organization, a country, a federal government that will end up protecting our individual rights. Not taking our rights away from us, but protecting our God given entitled rights.

We need to use the full power found in the Constitution of the United States and elect men and women of faith who fear God, know the Truth, and hate dishonest gain to usher in the Kingdom of Heaven right here, right now, in America. (View Video 11 – Attitude of Leadership – <https://youtu.be/KENooWyyjJI>)

If you have fifty-six percent of adult Americans if asked will confess, they believe in God as described in the Bible, if fifty-six percent would grasp hold of this idea and this concept that we want to usher in the Kingdom of Heaven right here right now. That would be a voting block of fifty-six percent that could begin to elect men and women of faith who fear God, know the Truth and hate dishonest gain into political office that would purpose to usher in the Kingdom of Heaven right now. To bring the Kingdom of Heaven into our relationships right now. Understand that the result that we would be seeing would be the Fruit of the Spirit. Who wouldn't want to end up having an America that's filled with love, that's filled with joy, that's filled with peace, that has patience, that has kindness, that has goodness, faithfulness, gentleness and self-control? The only ones that would end up not wanting the Fruit of the

Spirit would be those who want to be in control. Because you're looking at that in order to end up having the Kingdom of God come into control your talking about God needs to become the King. Well, that goes completely contrary to who's in control today.

There is an established kingdom of man. That has a control over the power of money. That has a control over the power of information. That has a control over the power of the press. That has a power over man. One man having power over another man. What we're looking at is that in order to end that we have to go as the founders of The Declaration of Independence did. They had to go to a higher power and that higher power is God.

In working together, as Children of God, we who confess that Jesus Christ is Lord, can replace every elected official, in every office, in six years or less. We can place in office a brother or sister in the Lord who seeks the will of God, who wants to answer our prayer, God please save America. It is interesting, that the reality is, through the power of The Declaration of Independence, the Laws of Nature and Nature's God, to reestablish that we are a Christian Nation, that we the fifty-six percent that believe in God of the Bible will actually end up getting involved and vote. That we would decide that we want men and women of faith who fear God, know the Truth and hate dishonest gain to become the elected officials from us. That all of this could end up happening in six years or less. Because you're looking at Congress is elected every two years, the President is elected every four years, and Senators are elected every six years. In six years or less we could have a whole new federal government. Men and women of faith who fear God, know the Truth, and hate dishonest gain.

I ask you and I plea with you, please let's get together, and let's save America, and let's allow God to usher in His vision for America. Where He ushers in a Kingdom of Heaven vision in America like we have never seen or witness before in our country. To where we have Love, Joy, Peace, Patience, Kindness, Goodness, Gentleness, Faithfulness, and Self-control. May God bless you and may God bless America.

I've just completed reading a book from a former communist who is now a conservative writer about the Russian influence, soviet communist influence, upon our country in purpose to remove God from our country. I have always suspected and always thought that the Russians were part of this campaign to remove God from our country.

There was some reading that I did about the leaders back in the 50's that put "In God We Trust" on the money and "One Nation Under God" in our Pledge of Allegiance to try to thwart the communist influence of removing God from our country but obviously that has failed.

We've seen that the communist have been very successful in bringing forth this lie "the separation of church and state" to outlaw all forms of Christianity within our country. That was pretty much the highlight of this book that I read was talking about this communist influence and its success in being able to remove God from our country.

The interesting thing was that in this book the writer came forth with an urgency and he said that the religious right again needs to rise up and to take back our country. This has really been a part of my campaign in running for Congress from January 2013 to November 2018, has been to try to rally the faith community, men and women of faith who fear God, know the Truth and hate dishonest gain to take back our country. We have got to do this for the Glory of the Lord.

My focus has been in trying to bring forth the American dream. I am talking about the American dream that is not ours, but is God's. It is the dream that God has always had for all of mankind and that is the dream of living in Love, the Love of God and the Love of our neighbors. This is done through a relationship and not through religion. That is through a relationship with God our Father.

It is interesting in the writing that I was referring to is the reference to the religious right, religion, religion, religion. The step that we need to take in order to get to this dream that God has for all of us is that we need to come to a place of relationship with Him. This is done through personal convictions and by recognizing that God so loved the world that he gave his only Son, that who so ever shall believe in him shall not perish but have eternal life.

John 3:16 New International Version

16 For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life.

There is an opening through His Son, through the Bible, through the teachings of the Bible to end up having an open relationship with Jesus Christ. A daily relationship with Him now.

The interesting thing is that there will be many who will deny God. That God does not exist. What we need to recognize now is that either one, they are part of the communist plan and they know that the purpose of the communist and them being communist is to destroy the American culture so that they as the communist can end up taking over control or two, they are just stooges that have bought into the lie and the belief that there is no God. There's no scientific proof that there's God. So, no God exist. You can't prove it that God exists. The sad part about it is that God doesn't need us to believe in Him in order for Him to exist. He does exist. Once you reach a level of personal relationship with Him you know that God exist. There is no if an or but about it. My hope and joy is that through this campaign and through taking back our country for the Glory of the Lord that many of you who have come to recognize or believe that there is no God that you actually would come to a personal relationship with Him.

In order to do this, I have outlined in many of my videos in the past what's it's going to take:

1. Repeal pretended laws that have removed God from our country
(View Video 31 – Supreme Judge – <https://youtu.be/Pubvt7o8G7s>)
2. Removing judges from the United States Supreme Court and our other lower courts. Those that have ruled against God and have demanded the removal of God from our country and our schools.

God is Love. The Love that God has is what the plan is. If you are against God, you are against Love. My question that I have for those of you that are the communist, the God haters; why am I supposed to

follow you in thinking that you're going love me if you hate God? May God bless you and may God bless America. **End of Video 27 Transcript**

The book I refer to in Video 27 is, Dark Agenda: The War to Destroy Christian America, by David Horowitz.

Chapter Five – Restore our Judicial System

Video 20 – The Law is Holy – May 24, 2018 – https://youtu.be/PH2y8lwB_4I – Transcript

I listened to a congressman the other day. One of the comments that he made was that “either you are writing law or all you are doing is making noise. That the responsibility of your congressman is to pass laws”. I would also have to say that the responsibility of your congressman would be to repeal pretended laws. What we need to look at is that the laws that need to be repealed are the laws that aren't Holy. That are not of God. That do not benefit us at a Spiritual level and actually take away from humanity, mankind. That's what The Declaration of Independence was all about. We're looking at an ungodly king that was acting as a tyrant issued laws, rules and regulations that were a deficient to the colonies. So, they rebelled against the king through The Declaration of Independence which formed the United States of America. It is The Declaration of Independence that creates the United States of America. The Constitution came within the twelfth year of the Independence. The Declaration of Independence actually is the founding document of our country.

The idea and the concept that Laws are Holy goes all the way back into the Bible where you have God who ends up dictating to Moses the Ten Commandments and actually writes in stone the Law, the Law of God. It's interesting that in today's society and culture, in our educational system that the Holy Law of God is against the law to teach our students.

When you look at what the purpose of the Law was, was to draw mankind back into a personal relationship with God. To come to a point of loving God and loving your neighbor. We have reached a point in our society and culture where pretended laws have been created by the courts, not by the legislature, but by the courts that have forbidden the Love of God and the Love of our neighbor into our community. This social experiment of removing God from our county has been a real deficient to our society and culture. The evidence of it is that we have kids that are killing other kids in school. This is insane, it's absolutely insane. Everyone wants to stop it at a physical level. What we need to do is to recognize that it is a Spiritual battle that we are fighting and it's a heart issue. In order to address the heart, God has provided a means to do so. That is at the Spiritual level where we come to recognize that there is a God, that He is the Creator, that our rights come from Him. That the Bible gives us our moral direction, our moral compass and that God is the Supreme Judge of the world.

I just stand amazed that we'll come to recognize that there's a problem but we won't want to address the solution and the solution is having a personal relationship with Jesus Christ. Then allowing the evidence in stories and teaching that's contained in the Bible. Allow that to be brought back into our public-school system again. It is sad, it is really sad the day that we are at. I ran for Congress, United States House of Representatives, January 2013 to November 2018 with the purpose to rally the faith community to restore our Biblical presence back into our community. Also, to help in making our schools safe by allowing the Love of God and the Love of neighbors back into our community. May God bless you and may God bless America. **End of Video 20 Transcript**

It is sad that five principles found in The Declaration of Independence are against the law to teach in our public schools: there is a God, He is the Creator, our rights come from Him, our moral foundation is found in the Bible and God is the Supreme Judge of the world.

Video 24 – Article 3 Judges – July 19, 2018 – <https://youtu.be/JrAZGxodUKU> – Transcript

I watched a video and in there contained an idea and a concept that talked about Article 3 judges. Article 3 judges are United States Supreme Court justices and inferior court justices which are established through the Constitution of the United States through Article 3. The idea and the concept presented was that if you could control these judges, which the video said that there are roughly about 870 (a) of these justices. That if you can control these judges, that you can control the justice system. (a) There are currently 870 authorized Article 3 judgeships: 9 on the Supreme Court, 179 on the courts of appeals, 673 for the district courts and 9 on the Court of International Trade. The total number of active federal judges is constantly in flux. Wikipedia

We know that our justice system is corrupt. We have a demonstration that the arresting federal agents that do the federal arresting, the FBI, that they are corrupt. That the highest level of leadership in the FBI been corrupted. We've seen and witness testimony on the news and videos. We watched them squirm and try not to answer questions that would lead to their arrest. That is the interesting thing that if you got the FBI that is the arresting agency is corrupted. Then who is going to be the law enforcement officers, the FBI, and who in the FBI are going to end up arresting FBI agents that are corrupt? Especially when you look at the highest level of the FBI being corrupt.

Then you have a justice system, which is once you arrest someone you turn them over to the federal justice system. If the justice system is corrupt? The justice system creates the case which then goes to the courts. If the federal justice system is corrupted, they won't indict. We have seen this already. We have candidates for President of the United States that have broken federal laws and we know that they have broken federal law, but they're not being indicted. So, you know that there's something that's going on there. That something going on is a level of corruption that lies within the justice system.

What we don't know though is how deep is the corruption in our court system, the 870 justices. What we do know is that five of the United States Supreme Court justices believe that they are above God. There were five judges out of the nine Supreme Court judges that redefined the definition of marriage to a definition that never existed before in the history of all of mankind. The idea and the thought here is that if you can redefine marriage, you can end up redefining anything as a Supreme Court Judge. Who's going to stand up against you? Who is going to impeach you? Especially when you have a public press that lies stating that Supreme Court judges are life appointments. When in fact they are not. They are appointments so long as they behave. So even Supreme Court judges can be impeached. But who is going to impeach them?

We have reached a state of lawlessness. We have corruption in the highest level of the FBI. Corruption in our justice system and we have corruption that is in our Supreme Court with at least five Supreme Court judges. How do we fix this? How do we get out of this? Fortunately, we have the tools to be able to do so. We have an example that is given in The Declaration of Independence. We have the process and procedures that are contained in the Constitution of the United States.

In The Declaration of Independence we had a tyrant, a king that was impressing upon the colonies his rule, man's rule, the king's rule, the kingdom of man's rule upon the colonies. Man rebelled and they did so by making an appeal to the Supreme Judge of the world. The appeal to the Supreme Judge of the

world was an appeal to God. That prayer is contained in The Declaration of Independence. Through their prayers and through their reliance upon twin powers being the powers that are contained in the Laws of Nature and Nature's God which are entitled powers that God gives us as Children of God.

The foundation of all law is God and the expression of all law is the Love of God and the Love of your neighbor. That's a defining starting place of where we want to get to restore justice. We want to get to the point to where we Love God and we Love our neighbor as Christ Loves you. That is the foundation of justice that we need to end up returning to.

Now the beauty of this is that in 1776 we went to war with England. We battled with England. There has been discussion "hay we are going to have a civil war here in the United States of America as to who is going to end up controlling the justice system". We got these systems already set up to be able to change this as human beings in the Love God to be able to do so. You change this through the election process. That is what the Constitution provides. We have our foundation of justice which was established through The Declaration of Independence through the Laws of Nature and Nature's God. Which is the Love of God and the Love of our neighbor. Then we have the process and procedure which is the election process that was created through the Constitution of the United States. Honestly the way we get out of this is that we follow the procedures. That we pray our way out. That we call upon God to end up saving America. That we repent as a nation, recognize that we have failed and we repent. We restore our relationship between us and God and between us and our neighbors. Then we elect men and women of faith who fear God, know the Truth and hate dishonest gain into positions of leadership. The Declaration of Independence says that whenever the FBI, the justice department, and our courts get corrupted you just throw off that leadership and you put new leadership in there. It is written right into The Declaration of Independence and the Constitution provides the way in which we can do so peacefully and lovingly in a humane manor through the election process.

Now the Church plays a big part and a big role. The Church always has, if you look at the history. When I'm talking about the Church. I am not talking about a building, or an organizational structure that already exist. I am talking about individual, men and women of faith who have a personal relationship with God. That have gone beyond just believing in God. To the point to where they know God. That's where God really wants us to be. He wants us not just to believe in Him but He wants us to know Him. To have a personal relationship with Him. That's God's Dream. It has always been His Dream from the beginning of time. The beginning of His creation was to create a people that would end up acknowledging, praising and worshiping Him and would Love everybody around each other. That would be Heaven on Earth.

That choice and that decision of course is ours because the Christ message was "Repent, for the kingdom of heaven is at hand". It is, it is at our hand. We have the opportunity. All the tools are in place to be able to pull ourselves out of this through the guidance and direction and the Divine Instructions through our Lord and Savior Jesus Christ to make this happen. It is going to take the Church to rally up, to make this happen.

Fortunately, there are prayer warriors. I am so grateful that I have had the great privilege of meeting many of them that are on their knees right now today that are praying "God please save America; God, please save our community". Keep praying, don't stop, God is working, God is moving.

The fact that I am delivering this message right now is evidence that God is waking me up. Then what we need are social warriors. Men and woman of faith that can take this message of Love into our community and rally the masses to recognize that it is much better to live in Love with one another. That Love is obtainable through God through a personal relationship with Jesus Christ. That's the only way that Love is going to end up happening. That through that Love we can live in a relationship with each other in Love. We need social warriors that will take this message into our community and rally the masses to elect men and women of faith who fear God, know the Truth and hate dishonest gain into positions so we can replace our judges, replace our leaders in the FBI, replace our leaders in the justice system. To the point that we can restore God's Blessing upon America. May God bless you and may God bless America. **End of Video 24 Transcript**

Video 31 – Supreme Judge – August 16, 2019 – <https://youtu.be/Pubvt7o8G7s> – Transcript

The following is a letter mailed to all nine Justices on the Supreme Court of the United States using Video 31 for the body of the letter.

Re: An appeal to the Supreme Court of the United States

I want to make this letter into an appeal to the Supreme Court of the United States.
An appeal to repent, for the kingdom of heaven is at hand.

Matthew 3:1-3 King James Version

3 In those days came John the Baptist, preaching in the wilderness of Judaea,

2 And saying, Repent ye: for the kingdom of heaven is at hand.

3 For this is he that was spoken of by the prophet Esaias, saying, the voice of one crying in the wilderness, prepare ye the way of the Lord, make his paths straight.

The Supreme Court of the United States has made some very poor decisions which has led to hate being in our country. When you look at the fact that God is Love, the Supreme Court in outlawing Love from our schools and outlawing Love from our community by outlawing God from our schools and community has introduced a prevalence of hate. The evidence is what we are seeing in our communities today with gun violence and hate. What we really need to combat this hate is Love and God is Love. Therefore, what needs to happen is that the Supreme Court of the United States needs to repeal those decisions that they've made that have removed God from our country.

In talking about this at Monday Night Bible Study, several of the Pastors that were there, they believe it is over. That the end is near. That we are going to end up seeing frying time, burning time. That those who are saved will be called up. Those who are not going to be saved will be burned.

Quite frankly I don't think we are in the end times. I think that we are still in a time of Grace. That God Loves us and God wants to save us. In my life I have gone down many wrong roads only to end up

having the Love of God and His Grace lift me back up to the highway of Holiness. I think as a country, as a nation, that we have just gone down this wrong road. That the Supreme Court of the United States made some poor decisions. That they could just simply repeal those decisions that would put God back in our county, back in our schools, back in our government, thereby restoring the Love of God and the Love of our neighbor, and we just move on. Recognizing that we made some poor decisions and we grow in Grace and Love for that. I think it's a very simple thing to do.

My appeal to the Supreme Court is that they would consider repealing these decisions that they made that removed God from our country. This isn't an impossible thing. Over two-hundred decisions that the Supreme Court of the United States have made have been repealed. This is not something that's new, it is not contrary to what has been done in the past. This can be done. It's just a matter of do we have a will of a Court that would like to end up recognizing its failure and the devastation that was brought upon our community by removing God from our county and by removing God from our schools. Then repealing their Supreme Court decisions.

This also is not contrary to The Declaration of Independence. The Declaration of Independence actually ends up placing God as the Supreme Judge of the world. What we are looking at is that the Supreme Court needs to align itself up with the Supreme Judge of the world, being God. It needs to align its decisions up with God. Therefore, aligning itself up with the original intent of The Declaration of Independence and the original intent of the Constitution of the United States. I don't think this is an impossibility. I think this is something that could end up happening. I am really looking forward to seeing it. I'm hoping that this letter will serve as a focus of "We the People", men and women of faith who fear God, know the Truth and hate dishonest gain to rally together in an appeal to the Supreme Court of the United States to repeal those wrong decisions that they made against our country. May God bless you and may God bless America. **End of Video 31 Transcript**

This letter was mailed to the nine Justices on the Supreme Court of the United States. Needless to say, I have not received a return response from the Supreme Court of the United States.

Chapter Six – God really wants to save America

Video 28 – Prayer the sword of the Spirit – May 31, 2019 – <https://youtu.be/2N1DO1PQYmI> – Transcript
We're in a spiritual battle for the future of mankind. I've been talking with you a lot about where I am and what's happening in my life. I've come to realize that the way that we're going to win is prayer. My pastor just recently had a major transformation that happened in his life and he contributed it all to prayer. So, his focus since October 2018 has been prayer. I have to admit that I haven't been really that engrossed in being a prayer warrior. I talk to God all the time in praying in relationship. I haven't really gotten into praying for success in this battle that we're fighting for the future of mankind.

The United States of America was taken over in the year 1913 by a banking elite. Until we remove the control of the creation of money from this banking elite each and every one of us are slaves. We are enslaved to debt. All you have to do is look at the fact that we are 28 trillion dollars (a) now in debt, that they disclose. So, you're looking at we've been enslaved by this debt. We are under servanthood to these banking elite. (a) The debt keeps rising, view today's debt at <https://usdebtclock.org/>

Now there is a process, there is a way that we can end up getting out of this debt. I mention that in Video 6 how we can end up getting out of this debt. The way in which we're going to get out is that we have to pray. Prayer is going to have to be used to change the minds and hearts of men, their personal convictions. For instance, in my campaign running for Congress the major problem that I faced was that men and women of faith have a conviction that we are in the end times. That because we're in the end times I'm just going to sit back and watch the world destroy itself. I had a discussion with my pastor about the end times. Jesus Christ didn't know when the end times was coming. (b) How could you end up knowing that we're in the end times? This personal conviction has hindered the advancement or the freeing of ourselves from this slavery or bondage of debt.

(b) Mark 13:32 New International Version

32 "But about that day or hour no one knows, not even the angels in heaven, nor the Son, but only the Father.

On a personal level the pearl of great price has just recently hit me. (Matthew 13:44-46) In essence this desire to be free, this hope to be free, this knowledge through a personal relationship with God to be free has been on my fore front. I haven't, I guess I could say that I'm under a battle also. The battle is part of what is going to occupy my time? What is more important? Where are my priorities going to lie? Where am I going to put my efforts? If freedom, liberty from this bondage from the banking elite is really a priority? Why don't I spend my time there? I just came at this point, to recognize that the battle that we are facing, the war that we are in, be it in terms of our attitudes or our convictions that are not quite right with the Lord. That would be necessary for us to usher in His Kingdom, the Kingdom of Heaven. Those changes will have to happen through prayer. I am looking at myself, how I need to be more in prayer. I need to be more into asking God for His guidance and His direction in His relationship with me and with others. Prayer is the sword of the Spirit. May God bless you and may God bless America. **End of Video 28 Transcript**

Ephesians 6:17 New International Version

17 Take the helmet of salvation and the sword of the Spirit, which is the word of God.

Praying in God's Word is very powerful, the sword of the Spirit.

Video 5 – Rally Power – July 27, 2017 – <https://youtu.be/Daoxmz1kic0> – Transcript

At the end of Video 2, I ask two questions. How do we get the message out and how do we rally men and women faith to take back our country? On Video 3 and 4 what I have suggested is that if we as Americans are going to rally together that we should look at rallying together at The Declaration of Independence. In those two videos what I have done is I've introduced five principles that I believe will give us, "We the People" the power to end up taking back our country.

There are many who have taken control of the money, the communication, and the information through the NSA (National Security Agency). "We the People" in order to take back our country we need to go to a Higher Power. Which is the same Power that our founding fathers went to, to overcome the king and they went directly to God. I believe that for us to save America, that we need to have the Power of God on our side in order to save America. My belief and faith, is that we need men and women of faith to rally together to take back our country.

The question, how do we get the message out? There is one way where we have been given a responsibility and that is to get involved in the election process. We have an individual responsibility as a patriot what we need to do is to engage and vote. We have to get registered. It is sad but there's a lot of people that see the failure of our country especially the leadership in Washington, D.C. and they have become so discouraged that they have chosen to opt out of the election process. We really need to take back our country and we need to take back our country through the tools that God has given to us. The tools that lie within The Declaration of Independence and the Constitution of the United States. That means vote. That means we need to elect men and women of faith who fear God, know the Truth and hate dishonest gain.

Those tools have been given to us. We are looking at in six years we can replace every elected official, Senate, House of Representatives and President through the voting process. That is what we have been given in terms of the tools of the vote. The key is that we need to end up recognizing that we have a responsibility to vote.

Another way is to get involved and engaged in your social groups. My social group is the church. My church is my social group. When I first received the call to run for Congress, immediately I went to my social group the church and I said look I am running for Congress. There was a lady in the church that actually produces a prayer page. In that prayer page I use to appear every week. I was a beginning founder of the faith initiative within the Department of Juvenile Justice (DJJ). Over a decade I volunteered in the DJJ system here in Palm Beach County, Florida to rally the faith community to the needs we have for our youth and families in the Department of Juvenile Justice. Every week I appeared in the prayer page of our church. The prayer page was an insert that this lady would end up producing. She would end up inserting it into the bulletin and people would take it home and they would pray for

the things that were on the bulletin every week throughout the week. Then next Sunday they would end up getting a new prayer page.

When I decided to end up running for Congress, the lady she came and she said, look Jay we can no longer pray for you through the prayer page because of the Johnson Amendment to the IRS. The Johnson Amendment prohibits the support of 501(c)(3) organizations to candidates that are running for political office. They can pray, the church can end up praying for already existing people. For instance, we can pray for our President and pray for men and women that are in office. In terms of engaging and being involved with candidates because of the IRS rules, the Johnson Amendment that was entered into the IRS rules, we can no longer pray for you, Jay.

Well, I understand, I recognize that. If we are to rise up and take back control of our country. One of the things that we have to do is to remove the Johnson Amendment to the IRS rules which will end up freeing up the opportunity for the church to be able to get engaged in the support and prayer of candidates that are running for political office, Congress and that.

Fortunately, every session of Congress we have a Representative, Walter Jones from North Carolina (a), that sponsors a bill to remove the Johnson Amendment. This session, the 115th Congressional Session, Congressman Walter Jones has introduced House Bill, H.R. 172, January 3, 2017. This Bill is very simple. It is a two-page Bill. All it does is strikes out the thirty-one words that Congress placed into the IRS rules back in 1954 which is the Johnson Amendment which prohibits the church from praying for candidates for Congress. Which is a violation of the Constitution of the United States. The First Amendment which says: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof". What you are really looking at is that the Johnson Amendment prohibits the free exercise of my church to be able to put me in their church bulletin, in their prayer page because I am a candidate. Actually, I am a victim, I have been violated, I have been hurt by the Johnson Amendment in terms of having been a candidate who ran for office. In violation of the First Amendment, of the Constitution of the United States if that by any means happens to encourage the political party that says they want to remove the Johnson Amendment and a President who says he will sign a Bill that removes the Johnson Amendment from the IRS rules. (a) Congressman Walter Jones has since passed away February 10, 2019. I have written the 117th Congress, the 100 Senators and the current 432 Representatives not to repeal the Johnson Amendment but to add these words to the end of the Johnson Amendment: "except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States". The 532 letters were mailed October 4, 2021.

We have an individual responsibility to get the message out and we also have a collective responsibility through the social groups you are engaged and involved in to be able to take back our country. The key is though that we need to do so in peace and love, and through the vote.

Final message, In the year 2013 when I received the call to end up running for office, Congress, the United States House of Representatives. I was terrified. I had never run for office before and all though I had been engaged in over a decade in terms of rallying the faith community to the needs that we have in the Department of Juvenile Justice, I now have been called to rally the faith community to meet the

needs we have in Washington, D.C. To end up rallying the patriots, men and women of faith who are patriots of the United States of America, to end up taking back our country for the Glory of the Lord.

This is quite a scary proposition when I first began. In my first video, in the very beginning, you can go to my YouTube Channel, "Jay Bonner" at https://youtu.be/VsV_obL3QL4 . The video there that gives the story, it is a fifteen-minute story of what I went through. The process of thinking, the process to actually come to the point to accepting this call that God had given me because it was quite scary.

If God is calling you for a position in office, elected position in office. I encourage you to heed the call. Where God calls you, He will provide for you. All though it is scary and seems overwhelming He will open up the doors and He will provide. I can tell you that through my walk and through my journey that it has been rewarding because I have seen the evidence of God and His Hand upon me throughout this whole thing. I pray for you that are reading this that have no relationship with God at all. God is real. He really Loves us and He really wants to end up saving America. There is a much better place that we could be in Loving and Caring for each other through the Glory and through the Love He has given to us and the opportunity we have through the Lord and His Son and through the Holy Spirit.

I want to encourage you if you have been called to end up running. If you end up needing any encouragement, help or support in terms of running. I have helped another candidate that ended up making a decision to end up running for the Florida House of Representatives. I have already experienced that privilege in terms of encouraging another man of faith in running. I'm able to end up doing that.

One of the things that I have seen and this is a continuing message, is that as I have grown into knowledge of what is needed in this call, what I have come to recognize is the tremendous amount of evil that is out there. The battle that we are fighting is Spiritual. It is only going to be overcome by the Lord. There are many out there that have been deceived. We know that the deceiver is the devil. The devil has been very good at deceiving many people in the United States to where they think what they are doing is right. The Truth has got to be brought to them. The Truth is light. It will reveal the Truth. In order for the Truth to reach them somebody has to go and carry the message. What we are needing is that we are needing Gideons. We are needing warriors that will step up in Truth and light, in the Glory of the Lord. That will end up bringing forth this message that is found in The Declaration of Independence through the Laws of Nature and Nature's God. We have a job and a task before us in order to save our country. May God bless you and may God bless America. **End of Video 5 Transcript**

Johnson Amendment – Constitutional Compliance

In Video 5 I talked about repealing or removing the Johnson Amendment from the IRS rules. The latest revelation from the Lord is not to remove the thirty-one words that make up the Johnson Amendment. The latest revelation is to add the following words to the Johnson Amendment in the IRS rules. The following is a portion of a letter sent to my Congressman in the United States House of Representatives.

Insanity: a definition of insanity is doing the same thing over and over again expecting a different result.

A couple weeks ago God gave me the idea not to repeal the Johnson Amendment, an act of insanity, but to add language to the end of the Johnson Amendment emphasizing the constitutional protection already provided to religious organizations by the Amendment 1 to the Constitution of the United States.

It was like wow, what a great idea. Just by adding a few simple words, the curse placed upon the Church could end! Since then, I have been struggling, praying and talking with God asking Him “what are these simple words”?

Last night these words came to me, “except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States”.

TITLE 26 – INTERNAL REVENUE CODE, Page 1456

501 (C) (3) Reads as follows:

(3) Corporations, and any community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involve the provision of athletic facilities or equipment), or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation (except as otherwise provided in subsection (h)), and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. (Then add my suggestion here)

Then add my suggestion:

except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States.

The Johnson Amendment, with these simple words added, would then read:

and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States.

Unfortunately, my congressman would not sponsor a Bill adding these words. He would support the measure but he would not initiate a Bill. My congressman's response: Thank you for reaching out to Representative Brian Mast in support of repealing the Johnson Amendment. I have shared your thoughts with the congressman, and I'm confident that he'll keep them in mind should Congress vote on a measure that would accomplish that.

There is a group of twenty-one members of Congress that have sponsored and cosponsored H.R.837 – 117th Congress (2021-2022) – Free Speech Fairness Act. I wrote the sponsor of this Bill asking the question: Would H.R. 837 allow prayer requests for a candidate to be placed in a weekly prayer page that is circulated through the Sunday church bulletin? I mailed the question in April 2021 and I have not received an answer to the question. It appears that H.R. 837 attempts to restore only a limited amount of the free exercise of religion granted by Amendment 1 to the Constitution of the United States. I mailed all twenty-one members of Congress, those who supported H.R.837, the above proposed suggestion to remove the curse placed upon the Church by the Johnson Amendment in June 2021. I also wrote both of my U.S. Senators, the President of the United States and many faith-based organizations. Surprise, Surprise no response from Washington, D.C. I did get a response from some of the faith-based partners, Praise the Lord.

The following is the letter I mailed to all 100 U.S. Senators and the 432 active House of Representatives October 4, 2021.

Through your Oath of Office, you have solemnly sworn to support and defend the Constitution of the United States. You have sworn true faith and allegiance to the same: So help me God. Unfortunately, since 1954, Congress has prohibited the free exercise of religion through a provision in the U.S. tax code known as the Johnson Amendment. A violation of Amendment 1 to the Constitution of the United States. TITLE 26 – INTERNAL REVENUE CODE, Page 1456, 501 (C) (3)
Amendment 1 to the Constitution of the United States states:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

When I first received the call to run for Congress in January 2013, I went to my Church, the Church of the Nazarene in Palm Beach Gardens, Florida, and I told them that I am called to run for Congress. I was a founder of the faith initiative within the Department of Juvenile Justice (DJJ). For over a decade I volunteered in the DJJ system, in Palm Beach County, Florida. Weekly I appeared in the prayer page of our church bulletin with prayer requests for the youth and families in the DJJ system. The prayer page is an insert placed in the church bulletin. People would take the prayer page home and they would pray for the published requests throughout the week.

When I decided to run for Congress, the lady who produced the prayer page came and said: "Look Jay we can no longer pray for you through the prayer page because of the Johnson Amendment". The Johnson Amendment prohibits 501(c)(3) organized churches from participating in, or intervening in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office. I was hurt because my Church could no longer publish my prayer request for the community through the prayer page.

Through your Oath of Office, you have asked God to help you to support and defend the Constitution of the United States (So help me God). God has answered your request.

The answer is not to repeal the Johnson Amendment. Instead add these words to the end of the Johnson Amendment: except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States.

The Johnson Amendment would read as follows: and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office except where the free exercise of religion is protected by Amendment 1 to the Constitution of the United States.

Today you have the opportunity to fulfill your Oath of Office by passing a Bill adding these words to the end of the Johnson Amendment making the tax code constitutionally compliant with Amendment 1 to the Constitution of the United States.

Psalm 24:3-4 New American Standard Bible

3 Who may ascend onto the hill of the Lord? And who may stand in His holy place?

4 One who has clean hands and a pure heart, who has not lifted up his soul to deceit and has not sworn deceitfully.

The use of the phrase, So help me God, implies a greater degree of seriousness and obligation than is usually assigned to common conversation. It may be considered treason or a high crime to betray a sworn oath of office. (From Wikipedia, the free encyclopedia, a screen shot has been saved)

The Declaration of Independence states that God is the Supreme Judge of the world. I urge you to walk in a manner worthy of the calling with which you have been called (Ephesians 4:1) and add the forementioned words to the end of the Johnson Amendment.

May God bless you and may God bless America.

The Declaration of Independence states:

--That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.--

We need to elect men and women of faith who fear God, know the Truth and hate dishonest gain to take back American for the Glory of the Lord.

Video 21 – Called by God – May 24, 2018 – <https://youtu.be/8f6BUasyrPY> – Transcript

I just got off the phone with a congressional candidate that told me that she was called by God to run for Congress. She called me to commend me for the stand that I am taking with the Lord. This is fresh right off the press. We just got off the phone.

There is nothing more exciting in life, to recognize you're not alone. That there're other men and women of faith that God is calling to run for Congress. That this movement that is happening is of God and that there is truly a real movement of the Lord to save America.

I was on the phone with her and just got trembling. I started crying. In talking with her and she was trembling and she was crying. We were just standing right there and the Shekinah All Mighty God was just falling upon both of us and we just recognized that we were in the presents of the Lord.

I say this because God is real. God really wants to save America. God wants to use you to do so. What we need to do is raise up men and women of faith who fear God, know the Truth and hate dishonest gain. We need to put them in elected positions to restore the Biblical Foundation that this nation was founded on.

I just want to praise All Mighty God, just Glorify in Him. I've had this presents before on the campaign trail knocking on doors and talking to people where God just falls, just His Glory it just falls. There is nothing more exciting in all of your life.

If you do not have a personal relationship with Jesus Christ. I just am praying for you right now. That you will come to recognize; there is a God, He is the Creator, that our rights come Him, that our authority comes from the Bible and that God is the Supreme Judge of the world.

I just stand amazed that I am not alone and I thank the Lord for His Blessings. I wish and pray that truly we can come to know the Lord and begin to live in a world where we love God and we love our neighbors. Living in a presence of Him in His Kingdom right here right now on earth as it is in heaven. May God bless you and may God bless America. **End of Video 21 Transcript**
I encourage you to watch Video 21. The presence of the Lord is captured in this video.

One of the problems we face being called to run for the Lord is political training. Being called to run and trained to run are two different things. Your political trainer will influence your political future. For instance, how can you be a Christian candidate and not be pro-life? The answer to that is the political party, your political trainer, has a greater influence upon you than the Bible.

When I was called there was nowhere to turn for Christian political help. Men and women of faith who fear God, know the Truth and hate dishonest gain need a Christian political community to support them in their run to take back America for the Glory of the Lord. A Christian political community needs to be created at the local Church and you can make that happen. We need to end the curse of the Johnson Amendment in order to take back America for the Glory of the Lord.

Romans 13:1-7 New International Version

1 Let everyone be subject to the governing authorities, for there is no authority except that which God has established. The authorities that exist have been established by God.

2 Consequently, whoever rebels against the authority is rebelling against what God has instituted, and those who do so will bring judgment on themselves.

3 For rulers hold no terror for those who do right, but for those who do wrong. Do you want to be free from fear of the one in authority? Then do what is right and you will be commended.

4 For the one in authority is God's servant for your good. But if you do wrong, be afraid, for rulers do not bear the sword for no reason. They are God's servants, agents of wrath to bring punishment on the wrongdoer.

5 Therefore, it is necessary to submit to the authorities, not only because of possible punishment but also as a matter of conscience.

Chapter Seven – End the Debt, Take back control of the Creation of Money

The Byrds – Ballad of Easy Rider (1969) – <https://youtu.be/r8jC1IRZGTU>

Just before going off to college my dad asked me, “What do you want”? My response was, “I want to be free”. Unfortunately, I am still a slave to the money changers, the banking elite that control the creation of money. December 23, 1913 the Federal Reserve Act was signed into law. The Federal Reserve Act created the debt money system that has enslaved “We the People” with our current national debt.

Proverbs 22:7 New International Version

7 The rich rule over the poor, and the borrower is slave to the lender.

When running for Congress I was asked by an editorial board of a local newspaper “How was I going to pay off the national debt”. I didn’t have an answer to that question at the time but I do now, Praise the Lord. The answer is “We the People” need to take back control of the creation of money.

Matthew 21:12-13 New International Version

12 Jesus entered the temple courts and drove out all who were buying and selling there. He overturned the tables of the money changers and the benches of those selling doves.

13 “It is written,” he said to them, “‘My house will be called a house of prayer,’ but you are making it ‘a den of robbers.’”

John 2:13-17 New International Version

13 When it was almost time for the Jewish Passover, Jesus went up to Jerusalem.

14 In the temple courts he found people selling cattle, sheep and doves, and others sitting at tables exchanging money.

15 So he made a whip out of cords, and drove all from the temple courts, both sheep and cattle; he scattered the coins of the money changers and overturned their tables.

16 To those who sold doves he said, “Get these out of here! Stop turning my Father’s house into a market!”

17 His disciples remembered that it is written: “Zeal for your house will consume me.”

This is a spiritual problem. A reason why, in the first two chapters, I go into a short story of my Salvation, Regeneration and Entire Sanctification. It is going to take men and women of faith who fear God, know the Truth and hate dishonest gain to take back the power of money creation for the Glory of the Lord. In all the Bible this is the one-time Jesus Christ used physical force, the driving out the money changers. Like Christ, “We the People” will physically need to create a new monetary system for our benefit. To do so, we will need to be in the Blessing of the Lord.

Psalms 127:1 New International Version

1 Unless the Lord builds the house, the builders labor in vain. Unless the Lord watches over the city, the guards stand watch in vain.

Video 6 – Debt Money System – October 4 2017 – <https://youtu.be/uKJZAjak2HM> – Transcript

The following information is an accumulation of over a year worth of study. It is pretty in-depth and has a lot of material. This is a foundational piece for a way in which we can take back control of our monetary system.

In Video 5, I identified three systems that control American: the monetary system, the communication system and the information system. Video 5 can be found at <https://youtu.be/Daoxzmz1kic0>

In this video, I want to talk about the monetary system. In the Kingdom of God, the golden rule is to love God and to love your neighbor. In the kingdom of man, the golden rule is he who owns the gold makes the rules. In the kingdom of the Federal Reserve the rule is he who controls the creation of money rules everything.

In Haggai 2:8 The Lord Almighty states “The silver is mine and the gold is mine”.

In Matthew 21:12, in Mark 11:15 and in John 2:15 Jesus drove out the money changers from the temple in Jerusalem. Like Christ, “We the People” must drive out the money changers from America by electing men and women of faith who fear God, know the Truth and hate dishonest gain. This wise instruction for selecting leaders given to Moses found in Exodus 18:21 is needed to protect “We the People” from elected officials who support the current plutocracy. A plutocracy is a government or state in which the wealthy rule.

I am encouraged by God’s instruction found in Zechariah 4:6 ‘Not by might nor by power, but by My Spirit,’ says the Lord of hosts. Powerful wealthy men need to remove God from our government and our schools in order to maintain control over “We the People”. These wealthy men own the banks and rule “We the People” through debt. Proverbs 22:7 states that the rich rule over the poor, and the borrower is slave to the lender. Through our collective understanding of how the debt money system works and the power granted through the ballot box “We the People” can take back control of money creation freeing ourselves from financial slavery restoring our life, our liberty and our ability the pursue happiness.

In 1913 private bankers created the debt money system through the Federal Reserve Act. In 1913 the individual income tax was created by the 16th Amendment to the Constitution. These two monetary systems created over 100 years ago benefit the private banking elite who control the shadow government through the creation of money. “We the People” need to take the power of money creation away from the bankers who have enslaved “We the People” with a 28 trillion-dollar Federal Reserve debt (a) and create a new monetary authority that benefits “We the People”. Once we end the debt slavery placed upon us by the Federal Reserve debt monetary system, we can end the need for federal individual income tax. (a) Go to <https://usdebtclock.org/> to see today’s Federal Reserve debt.

“We the People” can restore our solvency by:

1. Establishing a new monetary authority made up of one representative from each of the 50 States to replace the Federal Reserve Board;
2. Establish State chartered banks like the Bank of North Dakota to replace Federal Reserve banks;

3. Pay off our Federal Reserve Note debt (green seal notes) with United States Notes (red seal notes) together with their electronic equivalency; (b)
 4. End fractional reserve lending by Federal Reserve banks;
 5. Use all the benefits of money creation through a newly formed State monetary authority to serve “We the People”.
- (b) See the Great Exchange Plan where we pay off the green seal note debt with green seal notes.

We can do all this and control inflation by requiring existing Federal Reserve Banks to increase their reserve requirements through the course of replacing Federal Reserve Notes with United States Notes. State chartered banks with the authority and seigniorage of money creation can then lend to member banks benefiting “We the People” instead of the banking cartel.

The power of money creation will shift from a private banking organization known as the Federal Reserve and return to Congress, to the United States Treasury, through the Office of the Controller of the Currency, to a newly formed State Monetary Authority, who executes money creation through State chartered banks for the benefit of “We the People”.

God says in Zechariah 4:6 ‘Not by might nor by power, but by My Spirit,’ therefore repent, for the Kingdom of Heaven is at hand.

The information that I just gave you is an accumulation of a lot of study that the Lord has led me in terms of the knowledge of the money system. A lot of academics have executed and have educated me in this process. They are filled with information. The difference that I bring to the table is that it isn’t going to be by our might or by our power. It is going to be by the Spirit of the Lord that we are going to take back our country.

The formation of our country was created through The Declaration of Independence and God blessed “We the People” by creating America. We are looking at a restoration of our freedom and our liberty that comes through the control of money. The understanding of how money is created and the understanding of the power of money creation is solely needed in our nation and country right now. There are a lot ideas, a lot of thoughts that are out there. They’re great ideas, they’re great thoughts. Unfortunately, they can be put down according to this solution.

What I have given to you is the greatest accumulation of information that I have obtained, watched, studied and reviewed that could possibility end up being a way in which we could end up returning the control of money back to “We the People”. That will end up restoring our life, restoring liberty, and restoring our opportunity to pursue happiness. May God bless you and may God bless America. **End of Video 6 Transcript**

(b) Great Exchange Plan – The national debt is created by issuing Treasury bonds, notes and bills. The idea presented was to pay off our Federal Reserve note debt (green seal notes) with United States Notes (red seal notes) together with their electronic equivalency. In the Great Exchange Plan, “We the People” would be offered the opportunity to exchange our Federal Reserve Notes for United States Notes through the state-chartered banks. Then when the Treasury securities come due, direct Federal Reserve

debt is then paid off with Federal Reserve Notes thereby eliminating the Treasury bonds, notes, bills and the Federal Reserve Note. Of course, all the details will be worked out by the new monetary authority made up of one representative from each of the 50 States.

The idea is to truly create a state monetary system, where the 50 States retain the power of money creation and the benefits. Today we have a banking system where private banks create money through debt. Then these private banks benefit from the interest and influence. By creating a new monetary authority made up of one representative of each of the 50 States, the distribution of newly created United States Notes and the power of money creation is spread throughout the States. Each State has the responsibility to send one representative to the United States Department of the Treasury and the responsibility to create a state-chartered bank to issue United States Notes to existing commercial banks within their State. For the protection of "We the People" the Founding Fathers desired to spread out the potential power of the government to the maximum extent that is politically practical. A State monetary system needs to be created that best represents "We the People" with the task to determine the quantity of United States Notes in circulation.

It is stated nearly 97 percent of all money is created through debt issued through private banks. In this proposed State money system, all loans originate from the state-chartered banks at a prime lending rate to private banks and credit card companies. This way "We the People" benefit from every loan made and every credit card transaction using United States Notes. This benefit has the potential of eliminating the need for personal income tax to fund the federal government.

The Federal Reserve Note is printed by a private bank that charges "We the People" interest to print. The Federal Reserve Note cost you money and makes you a slave to the bank. The United States Note doesn't cost you any money to print. There is no interest drawn on the United States Note through its creation. Why do we have a private bank issue our money and charge us interest when "We the People" can issue our own money interest free? All Federal Reserve Notes represent a debt owed by "We the People" to the private banking cartel, the Federal Reserve. Once the Federal Reserve debt is paid off there should not be any Federal Reserve Notes in circulation. The Federal Reserve system charges "We the People" interest to create our money. There is no fiscal responsible reason why this system should exist when "We the People" can print our own money debt free through United States Notes.

Thomas Jefferson said, "If our nation can issue a dollar bond, it can issue a dollar bill. The element that makes the bond good also makes the bill good. The bond benefits those who issue it, where the bill benefits those directly involved with the labor".

"It is well enough that people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow morning." - Henry Ford

National Debt – the issue of a nation's money as debt. When a nation's money is issued as debt "We the People" become slaves to the lender. Many in Congress are bought and paid for to keep "We the People" as debt slaves to the bank. The major media companies are loaned out to the max so the banks have absolute control over the major media companies through debt. In order to end the debt slavery,

it will take men and women of faith who fear God, know the Truth and hate dishonest gain working together to create a new State monetary system for the benefit of “We the People”.

George Washington’s warning on the accumulation of public debt

As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible, avoiding occasions of expense by cultivating peace, but remembering also that timely disbursements to prepare for danger frequently prevent much greater disbursements to repel it, avoiding likewise the accumulation of debt, not only by shunning occasions of expense, but by vigorous exertion in time of peace to discharge the debts which unavoidable wars may have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear. The execution of these maxims belongs to your representatives, but it is necessary that public opinion should cooperate. To facilitate to them the performance of their duty, it is essential that you should practically bear in mind that towards the payment of debts there must be revenue; that to have revenue there must be taxes; that no taxes can be devised which are not more or less inconvenient and unpleasant; that the intrinsic embarrassment, inseparable from the selection of the proper objects (which is always a choice of difficulties), ought to be a decisive motive for a candid construction of the conduct of the government in making it, and for a spirit of acquiescence in the measures for obtaining revenue, which the public exigencies may at any time dictate. (This portion of the George Washington’s Farewell Address came from The Federalist Papers Project, www.thefederalistpapers.org)

In the month of May 2021 and the first week of June 2021, I mailed a letter to all the Treasurers of the 50 States, to the Secretary of the United States Department of the Treasury, the Acting Comptroller of the Currency, all the members of the House Committee on Financial Services and all the members of the Senate Committee on Finance the above information contained in Video 6.

A follow up question I plan to ask all members of Congress and the Senate is: Why are we 28 trillion in debt using Federal Reserve Notes when we can be debt free using United States Notes? An interesting question maybe you should ask your member of Congress and your Senators. The answer is, the powerful banking cartel has been very successful in keeping “We the People” in the dark of this monumental rip off. “We the People” need to wake up and take back the power of money creation for the Glory of the Lord!

Chapter Eight – Restorative Justice

Video 17 – March for our Lives – April 6, 2018 – <https://youtu.be/nBI2RjxWMHc> – Transcript
Tomorrow I will be attending a meeting that's being held by a young man that has asked me to attend. The meeting is referenced to the March for Our Lives conference. (March for Our Lives is a student-led demonstration in support of gun control legislation.) I'm hoping that I will have the opportunity to deliver the message that is God loves you and that God wants to save America. That He wants to use you to save America. I hope that I have the opportunity to encourage this young man and to have him to think much larger than just taking guns away from people.

The idea that's greater that I want to end up bringing to him is the fact that prevention, intervention and treatment services actually work. We know that they work. Being a part of the Florida Department of Juvenile Justice and the Chair of the Circuit 15 Juvenile Justice Board, we know who the at-risk youth are. By the third grade in school, we know with a high probability who the children will be that will be at a higher risk to commit juvenile crimes. The reason being is because that's what we've done. We've tested and evaluated. We have these availabilities to identify these kids. The problem is that we don't have the funding or the financial ability to end up providing the services which are the prevention, intervention and treatment services that can end up turning and changing the hearts of these children.

Now as chair of the Circuit 15 Juvenile Justice Board what I did was that I worked together with a group of faith and community leaders to try to bring these resources to the community. Government was not going to end up providing them. So, the idea in creating the faith and community network was to create a community that would end up using community resources to reach these youth to provide prevention, intervention and treatment services.

Then I got this call to run for Congress. In this call God has actually opened my eyes that there is a much greater problem that exists and that problem is that there's a lot of money that's made in arresting and incarcerating people. It's a tremendous industry. It's an enterprise that works with the punitive justice system. It's a punitive justice system problem that we have in our country. There's a lot of money made in arresting people. So, if we are going to keep beds in prisons filled, we have to have children fail. So, we cannot fund prevention and intervention services that would end up saving these kids and the reason being is because if they get saved, they will not commit crimes and they won't fill beds and a generation from now we will be looking at empty prisons. No guards, no payroll and so we have to keep crime and drug addiction in our inter communities in order to keep this whole system of punitive justice, this whole punitive justice system going.

So, my hope and dream is to end up looking at a solution, which is a total solution and it's a total change of our justice system from a punitive justice system to a restorative justice system. I'm hoping that this young man, I'm hoping one, that I get the opportunity of being able to present this idea and the other hope is that it will be received. I would venture to say that there will be a lot of people that will be there that will be against God because usually that's what happens in these kinds of events that there's a lot of God haters there. Then there's a lot of angry people there because that's the problem that we have in our society and culture is that everybody's angry and there's no love. So, this just gives evidence that we need this love of God and the love of our neighbor. Which is all what the restorative justice system

is all about. My hope and prayer in going to this event tomorrow is that I will have an opportunity, one to encourage this young man, who is the son of a Rabbi and the grandson of a Rabbi, that he will turn to the Lord and obtain the power of the Spirit to be able to bring forth the change of our entire justice system from a punitive justice system to a restorative justice system. May God bless you and may God Bless America. **End of Video 17 Transcript**

I did get to present the information found in Video 17 and it did begin a group discussion, Praise the Lord! On my way out while continuing the discussion with a small group, a God hater walked by yelling in an angry threatening way that I was dangerous. The problems we are facing are spiritual and will only be won in the Spirit of the Lord. This is why we need men and women of faith who fear God, know the Truth and hate dishonest gain. We need disciples of Jesus Christ, community leaders, who will bring God's message of Love. The Love of God and the Love of your neighbor.

Video 10 – Restorative Justice – January 31 2018 – https://youtu.be/Q_voZ6cTAB8 – Transcript
Several Sundays ago, I was teaching Sunday School at the Church of the Nazarene. I've got a group of teenagers that I have in this class and we've been in Matthew, the sermon on the mount, which is where Christ is outlining the Kingdom of Heaven principles. The attitude that we need to have in order to live in the Kingdom of Heaven here on earth right now. I was in Chapter 7 of Matthew. This is the message we were discussing a couple Sundays ago.

Matthew 7:1-5 New International Version

1 "Do not judge, or you too will be judged.

2 For in the same way you judge others, you will be judged, and with the measure you use, it will be measured to you.

3 "Why do you look at the speck of sawdust in your brother's eye and pay no attention to the plank in your own eye?

4 How can you say to your brother, 'Let me take the speck out of your eye,' when all the time there is a plank in your own eye?

5 You hypocrite, first take the plank out of your own eye, and then you will see clearly to remove the speck from your brother's eye.

Now having been in the Church, raised in the Church for about 28 years, I've heard a message preached on this probably once a year and it's the same message. I've never heard the message given in a restorative justice manner. How that thought came to mind is, here I was, I was giving a lesson, I was talking to the students about it, I was relaying the story about. If I had a splinter in my finger, how would you restore or take that splinter out of my finger? There is an attitude that you would have. You would have an attitude of love and care. You would have an attitude not to want to cause any more damage or any more hurt to my finger when removing this splinter from my finger because you would want that splinter removed so that my finger could be restored. Well, when I said the word "resort" it clicked. The whole aspect of restorative justice and the message that I've never heard preached in this Sermon on the Mount message that Jesus gives in Matthew Chapter 7.

I've been involved and engaged in the restorative justice process. We actually introduced the restorative justice system in the Department of Juvenile Justice in Palm Beach County, Florida. I was

engaged and involved. We had seminars and trainings, and there were books, and we actually instituted the principle in one of our cities here in Palm Beach County. It was very successful.

The problem that we face today is that our justice system is punitive. It is not restorative. Our justice system is geared to make money. It is a money-making enterprise. Why is it that in the United States of America there are more people percentage wise in prison than in any other country throughout the world? (a) That is because there is a lot of money that's being made in the justice system.

(a) <https://www.statista.com/statistics/262962/countries-with-the-most-prisoners-per-100-000-inhabitants/>

An example for that. Is that while I was up in Tallahassee, while I was being introduced to the next administrations guide lines, principles and goals that they want to accomplish. I was taken out to dinner by a lobbyist for the prison system. The lobbyist took me out and he said, "Hey Jay we need for you to stop this faith initiative that you are doing within the Department of Juvenile Justice. The reason being is because if you continue with this faith initiative these kids are going to end up getting saved. If they get saved, they won't commit crimes. By not committing crimes, they won't fill beds, Jay. So, we're looking at there're communities in the State of Florida that make a living based upon people being in prison. We have got to have people fill these beds or these prison guards and systems are going to fail. They are going to fall if we don't end up having prisoners. So Jay, you can't have, you need to stop the faith initiative." That is just a tip of the iceberg of our criminal justice system and the trillions of dollars that's being made through a punitive justice system.

What Christ is saying here is our justice system, which supposedly is a corrective, the Department of Corrections, should be a corrective action, needs to be more restorative than punitive. This was an interesting revelation that God gave me in Matthew Chapter 7. I just wanted to share that with you as part of what we need to do in order to get to a place where Christ wants us to be. In order to get there, it's going to end up taking men and women of faith who fear God, know the Truth and hate dishonest gain.

My role, duty and responsibility is to one, listen to the word of God. Receive His revelations as to the direction that He has for our nation and our country. In this time and period, we have an opportunity to be able to take America to the place where God, being the Creator of America, take America to where God really wants us to be and that's in a place where we all Love each other, where we care for each other and our justice system is restorative instead of punitive. May God bless you and may God bless America. **End of Video 10 Transcript**

Video 12 – Restorative Justice Part 2 – March 13, 2018 – <https://youtu.be/8GXmgeLRaWM> – Transcript
It's interesting how once I received a revelation as described in Video 10 about restorative justice how everything I see now is referenced to restorative justice. A couple Sundays after I posted Video 10, I had another Sunday school class with my youth and we're in Matthew Chapter 12 verses 18 through 21. I will read the scripture to you from the Expanded Bible.

Matthew 12:18-21 Expanded Bible

18 Here is my servant whom I have chosen. I love him and I am pleased with him. I will put my Spirit upon him and he will tell of my justice to all people.

19 He will not argue or cry out; no one will hear his voice in the streets.

20 He will not break a crushed blade of grass or put out even a weak flame until he makes justice win the victory.

21 In him will the Gentiles find hope.

This message is also found in: Isaiah 42:1-4 New American Standard Bible

1 "Behold, My Servant, whom I uphold; My chosen one in whom My soul delights. I have put My Spirit upon Him; He will bring forth justice to the nations.

2 He will not cry out nor raise His voice, nor make His voice heard in the street.

3 A bent reed He will not break off and a dimly burning wick He will not extinguish; He will faithfully bring forth justice.

4 He will not be disheartened or crushed until He has established justice on the earth; and the coastlands will wait expectantly for His law."

Well, this message here is actually a prophecy that's been written in Isaiah and it's given in Isaiah 42 verses 1 through 4. In there, Isaiah is prophesying about the coming of the Messiah. So here Christ, in Matthew Chapter 12 verses 18 through 21 is fulfilling the prophecy that he's the Messiah and that he will bring forth justice throughout the world.

Now the interesting thing here is in the very beginning it says that, in verse 18 it says, "Here is my servant whom I have chosen. I love him and I am pleased with him and I will put my spirit upon him and he will tell of justice to all people". The justice in a Kingdom of Heaven or in God's Kingdom, Kingdom of God. Justice will come forth through the Holy Spirit, through the presence God and His presence has been given to us as gift through our Lord and Savior Jesus Christ. That gift is the presence of the Holy Spirit.

In a restorative justice model, we need to look at the restoration of those that have been hurt, that would become offenders, that would want to end up hurting us. We need to look at that the restoration happens through the Spirit. In a punitive justice system, we have the opposite. Where we've actually, in the punitive justice system, the last thing that we offer is Christ once you've been incarcerated, put into prison. Then we'll let chaplains come in and minister. Before that in a prevention, in an intervention and in a treatment plan the last thing that we allow you to end up having access to would be Christ. A matter of fact we have a justice system that has purposed to remove God from our country. The reason of course is that in the kingdom of man it's all about money and in order for the kingdom of man to prevail God has to be removed. We're looking at those who have in the justice system that have purposed to remove God from our country are those that are wanting to be kings themselves. They're wanting to rule and to be the authority instead of letting God be the authority. We're existing now in God's Kingdom. The Kingdom of Heaven can exist right here, right now. But, in order to do that we need to end up looking at this restorative justice model to bring it forth.

Verse 19 God says, in this prophecy it says: “He will not argue or cry out; no one will hear his voice in the streets”. Now what, in talking with my youth, I said you know if you want to bring forth justice and to bring forth a restorative justice process and principal, rallies out in the street just isn’t quite going to end up making it. What you have to do, and this is what I’ve seen in my past, and that is you have to sit at the table where the decisions are being made. To sit at the table means that you need to end up being elected and put in positions of authority. To our decisions for the future and for the benefit of our community are made. Of course, the requirement, that we need to see for a restorative justice process and principle to happen is that we need to elect men and women of faith who fear God, know the Truth, and hate dishonest gain. That explanation is given in Video 11 found at <https://youtu.be/KENooWyyjJI>

What I have found in my experience, is that when I was Chair of the Circuit 15 Juvenile Justice Board, I sat with and had the opportunity to meet with the Secretary of the Florida Department of Juvenile Justice. Because of that meeting I suggested to him, I said: “Look the best thing that you can end up doing in the course of your administration would be to get chaplains into our juvenile justice system”. Chaplains didn’t exist at the time. So, through and by being at the table, at a seat with the Secretary of the Department of Juvenile Justice and making that suggestion, he therefore went through the process of bringing forth juvenile justice chaplains in the juvenile justice system in the State of Florida.

I also had a meeting with the Superintendent of Schools here in Palm Beach County. We were looking at in-school suspension. We were looking at an in-school suspension program through the Faith and Community Network. I met with him and I suggested to him, I said: “Look, when you suspend a child to the streets or suspend a child out of school, out of the protection that’s provided through the school system, what you’re doing is suspending a child to a home where a parent may not exist or there may not be any supervision. So, you’re looking at an unsupervised youth, home alone, has a greater possibility of committing more crimes. Therefore, being suspended, when you suspend a child from school you have a potential of suspending that child to the Department of Juvenile Justice”.

So, I suggested to him, I said: “Look we really need to look at in-school suspension here in the school system in Palm Beach County”. Lo and behold, that’s what was introduced by this superintendent of the public schools. It was interesting, they had a launch of the meeting. The whole program was being launched at the school district and I was invited to witness the launch of it. Lo and behold, I did not know, but the superintendent had set up a chair right next to him. Where I had the opportunity in the meeting, with all of the supervisors in the school district of Palm Beach County, to sit next to the superintendent of public schools. He pointed out that I had an impact in terms of making and bringing forth this process.

So, you’re looking at that if we want to bring justice and restorative justice into our community and change our system from a punitive justice system to a restorative justice system. That means that we have to elect men and women of faith who fear God, know the Truth and hate dishonest gain and put them in positions of leadership where the decisions are being made so that we can end up making this change in our justice system that’s necessary.

Now in verse 20 it says: “He will not break a crushed blade of grass or put out even a weak flame until he makes justice win the victory”. Now the interesting thing when I was talking to the students about this, I

was saying that when you have a blade of grass or you have a tree or something that has been bent over or blown over. We in Florida here, we have hurricanes and we have plants that get blown over all the time during the course of high winds. What we do is that we do not necessarily cut them down. What we do is that we try to restore them. Restoring them, what we do is we prop them up by putting braces around that hold them up. That brace is a restorative process a restorative principle that holds that tree in place. When we're looking at trying to restore a broken child, a broken citizen, someone that's hurt that's wanting to hurt us. What we do is that we need to surround that person with protective, intervention and treatment programs that can end up being able to help and support that child or that adult bringing them into a right relationship with us as a community. That happens through the restorative justice process.

Also, here it says: "He will not break a crushed blade of grass or put out even a weak flame". The weak flame was interesting because I referenced a candle. How we've all blown out a candle. You've got this smoldering wick down in there and how you can end up fan that flame on that smoldering portion of that wick and you can actually see it burst back up in flames again. I talked to the youth of my Sunday school class, I said: "Look, each of us has this flickering flame of hope that's there. What the restorative justice process does is that it fans the flame and encourages. It stands beside you in help and support. To be able to restore you into the right relationship in the community but also within the right relationship with Jesus Christ". The bottom line is that we can bring forth a renewed justice system, a Kingdom of Heaven, a Kingdom of God's design and plan justice system which is the restorative justice system. In order to do that we need to elect men and women of faith who fear God, know the Truth and hate dishonest gain. We need to end up having the will to be able to change all these trillions of dollars that's being spent on a punitive justice system and change the flow of money from a punitive justice system to a restorative justice system which focuses on prevention, intervention and treatment.

You're looking at the argument was that, Jay you got all these people that are in prison, that are in the prison system that you'll put out of business. All those people that are in the prison system that's being put out of business could put into the prevention, intervention and treatment business. That would end up making this place, the United States of America, a much better place to end up living. May God bless you and may God bless America. **End of Video 12 Transcript**

Video 18 – Restorative Justice Part 3 – April 16, 2018 – <https://youtu.be/rOu9VJfSrys> – Transcript

I am reporting on this because of the excitement that I'm seeing through the revelation of restorative justice and restorative justice principles and using those at Monday Night Bible Study last Monday was just awesome. We were in John, Chapter 5 and Jesus is saying that he is given the authority to judge. In there's the message about the end times and everybody, well not everybody, a lot of people get really hung up on and stuck on the end times, the final judgment. We had a couple of people that were there at the Bible study and they couldn't quite grasp hold of what was being said in the meaning of the message.

I introduced the process or the thought that when you are looking at God and you look at the Kingdom of Heaven, it's all about restoring. It's all about restoring right relationships. It's all about restoring a right relationship with God the Father and He does so through His Son Jesus Christ. Whereas we come to know Christ and accept God and to know God through Jesus Christ. How we are given the Blessing of

the Holy Spirit and the ability to be able to restore our lives to His Kingdom. In that process we actually have the authority to judge.

I talked about the fact that as a parent, you have the opportunity to make a decision or a judgment on whether your child is having right behavior or wrong behavior. Whether your child is having right thinking or evil thinking and you execute judgment making a determination upon whether that's a right thought, a right action or a right behavior. In doing so what you do is you implement a strategy or a restorative justice strategy to restore your child to the right behavior, right action or right thinking.

When I brought in this concept of restorative thinking or restorative process, a couple of these ladies they just got so excited. One lady that was sitting next to me, it was like the whole vision just opened up and she started getting giddy and she started patting me on the back saying "Oh thank you Jay, thank you Jay". It's amazing how in God's word we'll get stuck on a principle like the end time judgment that we all end up knowing about. That we don't recognize that Christ's judgment, in today's time, right now, before the end time, we're looking at His judgment is restorative. His judgment is to restore us to right relationships. When we start thinking that way it opens up a whole new thinking of God in God's Word and our relationship with Him.

I just wanted to share that with you what happened on Monday night. Then it went further because one of the pastors that was there later on that week sent out an email message that was related to this. It had everything to do with the scripture that's found in Galatians Chapter 6 verses 1 through 2. I'll be reading this.

Galatians 6:1-2 Amplified Bible

1 Brothers, if anyone is caught in any sin, you who are spiritual [that is, you who are responsive to the guidance of the Spirit] are to restore such a person in a spirit of gentleness [not with a sense of superiority or self-righteousness], keeping a watchful eye on yourself, so that you are not tempted as well.

2 Carry one another's burdens and in this way you will fulfill the requirements of the law of Christ [that is, the law of Christian love].

Christian Love, the definition of Christian Love is to love your brother so much that when you see an evil or a wrong step or wrong thinking or something, that you in love restore them. This is how collectively we who are in the body of Christ grow in grace, grow in love, grow in relationship with one another is through this restorative process of love. I'm just excited about how God is revealing this to me to the point that I just wanted to share this with you. May God bless you and may God bless America. **End of Video 18 Transcript**

Video 22 – Redemption, Restorative Justice 4 – May 28, 2018 – <https://youtu.be/FJw2iiVEB6E>

Last Sunday my pastor preached a message that deviated from his planned message. He was moved from the service that he delivered prior to delivering our service. That movement of the Lord upon him changed his message that he had planned to deliver. His message was all about redemption. In his message he mentioned that he has viewed my videos on restorative justice. He began to talk about redemption and the message of redemption. As I was listening to him, I was wondering whether he had

mixed up the words, restorative justice, restoration and redemption. What I realized is that God used my pastor to take me to this next level of restorative justice.

The beauty of going to church. I encourage each and every one of you to find a place where you can worship on Sunday because God uses men and women in the church to reach and to touch you on a personal level. Be it through the training of something that happen through Sunday School. Be it through the simple conversations that you may end up having with another person or through the message that the pastor ends up having delivered. Through this message, through my pastor God took me to this next level of restorative justice which is redemption. In doing, I've been in God's Word and I've been studying His Word and the revelation that is given there based upon redemption. Redemption is redeeming. Christ by sacrificing and giving His life for us has redeemed us. He has paid the price. The penalty for our sin. Redemption allows us this new relationship in God. A new foundation within His Holy Presence that we can build upon. There are many scriptures, many verses that have to deal with redemption. There is a very powerful piece that's in Psalms 111 verses 6 through 9, it says.

Psalm 111:6-10 New International Version (NIV)

6 He has shown his people the power of his works, giving them the lands of other nations.

7 The works of his hands are faithful and just; all his precepts are trustworthy.

8 They are established for ever and ever, enacted in faithfulness and uprightness.

9 He provided redemption for his people; he ordained his covenant forever - holy and awesome is his name.

God has provided redemption for us to be restored into His Holy Kingdom, the Kingdom of Heaven. I just am so grateful to have the opportunity to be a part of God's plan. To grow in God's grace and His knowledge. To be a part of a church that is reaching out. That God can use the pastor to reach out to me and other studies that I'm engaged in reading God's Word in the Bible.

I encourage you and again reach out to you, to let you know that God loves you. God wants to save America and God has a plan for you in all of this. He has created you to be a part of His creation. So, through the redemption, through the price that has been paid by Jesus Christ, you can be forgiven. The love of God then can come to you and you can be filled with His Holy Presence, through His Holy Spirit and you can live in a love that you've never lived in before. A love of God and a love of your neighbor that all of us are seeking for and desiring for today. I just encourage you, that you will come to this relationship. That you will enjoy this presence in this love of God. That through that we can end up growing in grace and love together. To be who God wants us to be in His Kingdom, the Kingdom of God. May God bless you and may God bless America. **End of Video 22 Transcript**

Last night CBS TV Show FBI: Most Wanted – Tough Love, was all about a judge who was making money on the side by serving harsh sentences to juveniles. In a punitive justice system, it is all about making money. In a restorative justice system, it is all about love.

Chapter Nine – Political Parties Fracture America

Video 7 – Why I left the Republican Party – Dec 18 2017 – <https://youtu.be/immt3hmATik> – Transcript
I have always been a Republican. My parents have been Republicans. So, you could say because my parents were Republicans and I've been a Republican that I'm a natural-born Republican. My wife is a Republican and her parents are Republicans. So, I've been engaged, involved with the Republican Party all my life. So, it made sense that when I was called by God to run for Congress that I would run for Congress as a Republican. So, I got on the ballot in 2014 as the Republican candidate for Congress, United States House of Representatives, Florida Congressional District 20. I didn't win that election. Then I proceeded to run in 2016 as a Republican and tried to get on the ballot by candidate petitions. I failed to collect all the petitions that were necessary to get on the ballot and another Republican did. So, I talked with him and told him I wouldn't run against him in the primary. So, he got on the ballot and I didn't get on the ballot in 2016.

Now I was somewhat discouraged. I was called by the Lord and I truly believed that if God called me, He would supply all the needs necessary for me to get ballot. I didn't get on the ballot by candidate petition so I was somewhat discouraged to the point I questioned the call. Was this really truly what God wanted me to do? So, I reflected on that from 2016 till now. I've come to recognize that through the 2016 primary until today that God has been taking me on a journey to really show me what he wants me to end up doing in this campaign, in my run for Congress. That is to rally faith and community leaders to take back our country.

Now the importance of this campaign is that I had to leave the Republican Party. The reason that I had to was that God talked to me and said look Jay I need for you to be a uniting figure, a uniting part of our country. That I need you to rally the faith community. In the process of doing so Jay, you can't be connected with a political party. Now this was quite hard for me to undertake. Understanding, because I've always been a Republican. So, in my recognition and obedience, I came to recognize yes. In doing so, I left the Republican Party. I've registered as a non-party candidate. I'm running in this 2018 congressional race as a non-party candidate. (I again was not elected to Congress.)

Now there's an underlying reason why the Lord has called me to do this. That is political parties by their very nature divide the country. We can look at our country today and we are in a battle. The battle is over ideology. The battle is over who's going to be in control. That battle has separated our country. George Washington in his farewell address gave our country a warning about where we are today. He called it political fraction. What has happened is that the political parties, he said in the farewell address will fracture, separate and divide our country. They have, they've destroyed our country and are destroying our country, has separated us. For me to be a part of this movement of God. That is wanting to unite our country as men and women of faith who fear God, know the truth and hate dishonest gain. I had to leave the Republican Party.

One of things that I recognized and I bring to your attention here is that when I ran as a Republican candidate, I had to make my pledge and allegiance to the Republican Party. I could not affiliate or be a part of the other parties, the other political parties and I've come to find out talking to other Democrats that's the same kind of allegiance that they have to make in their party. Political parties by their very

nature in terms of the pledges that candidates make can't even cooperate with each other by the pledges that they make. I recognize that we need to end this fraction or this division of our country. In order to do so we have to leave the two-party political tyranny that we see in our country.

Part of this change in my life and the change that I'm seeing and sharing with you today. In hopes that those of you that have been called by God. That have recognized the calling upon this movement that the Lord has to the answers of prayers that many have been praying for God to save America. That in order to do so, we need to leave the political party that we're involved in and we need to become non-party affiliates. Then our allegiance is only to God. That our allegiance then is not to a political party but then our allegiance is directly through God. Then the blessings that come through God, come through our elected officials. Those who fear God, know the Truth and hate dishonest gain can then end up blessing the people. This message here is just to let you know where I stand and why I left the political party, the Republican Party and why I'm now a non-party affiliate candidate. May God bless you and may God bless America. **End of Video 7 Transcript**

George Washington's warning of political parties

I have already intimated to you the danger of parties in the State, with particular reference to the founding of them on geographical discriminations. Let me now take a more comprehensive view, and warn you in the most solemn manner against the baneful effects of the spirit of party generally.

This spirit, unfortunately, is inseparable from our nature, having its root in the strongest passions of the human mind. It exists under different shapes in all governments, more or less stifled, controlled, or repressed; but, in those of the popular form, it is seen in its greatest rankness, and is truly their worst enemy.

The alternate domination of one faction over another, sharpened by the spirit of revenge, natural to party dissension, which in different ages and countries has perpetrated the most horrid enormities, is itself a frightful despotism. But this leads at length to a more formal and permanent despotism. The disorders and miseries which result gradually incline the minds of men to seek security and repose in the absolute power of an individual; and sooner or later the chief of some prevailing faction, more able or more fortunate than his competitors, turns this disposition to the purposes of his own elevation, on the ruins of public liberty.

Without looking forward to an extremity of this kind (which nevertheless ought not to be entirely out of sight), the common and continual mischiefs of the spirit of party are sufficient to make it the interest and duty of a wise people to discourage and restrain it. It serves always to distract the public councils and enfeeble the public administration. It agitates the community with ill-founded jealousies and false alarms, kindles the animosity of one part against another, foment occasionally riot and insurrection. It opens the door to foreign influence and corruption, which finds a facilitated access to the government itself through the channels of party passions. Thus, the policy and the will of one country are subjected to the policy and will of another.

There is an opinion that parties in free countries are useful checks upon the administration of the government and serve to keep alive the spirit of liberty. This within certain limits is probably true; and in

governments of a monarchical cast, patriotism may look with indulgence, if not with favor, upon the spirit of party. But in those of the popular character, in governments purely elective, it is a spirit not to be encouraged. From their natural tendency, it is certain there will always be enough of that spirit for every salutary purpose. And there being constant danger of excess, the effort ought to be by force of public opinion, to mitigate and assuage it. A fire not to be quenched, it demands a uniform vigilance to prevent its bursting into a flame, lest, instead of warming, it should consume. Intermediary – A Transformational Agent

I woke up October 12, 2017 with these words on my mind. In a two-party political system maybe, we need an intermediary, a transformational agent. An intermediary or a negotiator who acts as a link between the two political parties to change the nature, function, and condition of our federal government for the good.

Chapter Ten – Collecting Information

Video 15 – Information, an evil thought – March 26, 2018 – https://youtu.be/jRNTJpXq9_s – Transcript
There are three areas that “We the People” need to take control of if we are to save America. The first area is our monetary system. I talk about the monetary system and ways in which “We the People” can take back control of our money in Video 6. Then there’s the information gathering system which is the National Security Agency, the NSA. Which is a national-level intelligence agency of the United States Department of Defense, under the authority of the Director of National Intelligence. Then there is the third area which is the communication system or the power of the press.

In this video I want to talk about an evil thought I had over the weekend. I was watching a movie and, in the movie, there were corrupt cops. There were drug dealers and one of the drug dealers found out that one of his sergeants in his drug family squealed to the DEA (Drug Enforcement Agency). The way he found out that he squealed to the DEA. He says, “Well what do you think?” We don’t monitor your phone messages. Having been in the Department of Juvenile Justice and having access to some of the security stuff that we discussed. We at times would leave our phones out of the room that we’re having communications because we know that the enemy or the evil or drug dealers or whatever, they can actually end up monitoring our phones just as we have the capability of monitoring their phones.

This evil thought came about from this movie. In this movie there was not only this capability that the bad guys, the drug dealers could monitor our communications but that there was actually within the law enforcement agency, the police officers, judges and state attorneys that were corrupt. There was an internal investigation of corruption that was happening in this law enforcement office. They were trying to find out who the bad guys were within the cops. So, that was the whole story of the movie.

Well, the thought came to mind that we have the NSA, which is the National Security Agency, which we now know has the capability of spying on everything. They collect the metadata, which is everything. They collect the actual phone conversations. They collect your emails, all your text messages, all your videos. They have satellites in the sky that are viewing you. They have access to all the television cameras. All the cameras that are on the roads and the highways. They now have flat-panel screens that are on the side of the turnpike and I-95 that actually end up monitoring the GPS location devices on your car. Identify you and the passengers. You can read the strip on your credit card and all this is monitored. There’s actually a video, that I’ve seen on YouTube, where there’s a drone outside a shopping center and they were advertising this new 3d design camera system. That they use pixel cameras off of cell phones. To be able to offer a 360-degree view of an area in a community with using a drone. All the people that were coming out, their cell phones were pinging as to their identification. It was all being shown on this video. The intelligence opportunity that we have that exist, that we know of that exists today. Being able to monitor people and to have all information, to have all that data, it exists and it exist today.

What we’re looking at is that we have what is known as a FISA Court. If our law enforcement agencies, the FBI, the CIA or any kind of foreign agency wants to end up having access to that data they have to go through the FISA Court in order to get this information. (The United States Foreign Intelligence Surveillance Court is a U.S. federal court established and authorized under the Foreign Intelligence

Surveillance Act of 1978, FISA to oversee requests for surveillance warrants against foreign spies inside the United States by federal law enforcement and intelligence agencies.)

Well, the evil thought comes to mind is that, who's monitoring the guys that are actually collecting all this data? Where can this data be used? You're looking at this data that is being collected and how this data can end up knowing who all the drug dealers are, monitor all their phones. All the evil that's happening apparently, we already know. Well, couldn't you end up using it for the purpose of selling protection services. So, in order for an evil empire to continue operating in the United States of America, they would have to pay off those who actually control the NSA? That was part of the problem that was dealt with in this movie. Wow, this is really evil, this potential. So, the real question is how do we end up monitoring those that have this capability and access to all this information. The only solution that I can see is that we've got to get back to God. That we have to get back to the moral authority that God has. That we have to elect men and women of faith who fear God, know the Truth and hate dishonest gain. Then put men and women of faith who have a moral background, who understand the Laws of Nature and Nature's God. That can end up using and restoring the Constitution of the United States as the protector of God given rights and to use this as a wall to end up separating us and keeping us away from this evil that wants to end up destroying us.

It was just a thought, an idea. I wanted to lay that out there as another reason why in restoring and saving America we need to get back to God. We need to look at The Declaration of Independence and the original vision that God had for America through the Declaration of Independence. We need to look at the original vision that God has for Constitution of the United States. Then to end up electing men and women of faith who fear God, know the Truth and hate dishonest gain to fulfill this God given vision for America that God has given us. May God bless you and may God bless America. **End of Video 15**

George Washington's thoughts on religion and morality

Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism, who should labor to subvert these great pillars of human happiness, these firmest props of the duties of men and citizens.

The mere politician, equally with the pious man, ought to respect and to cherish them. A volume could not trace all their connections with private and public felicity. Let it simply be asked: Where is the security for property, for reputation, for life, if the sense of religious obligation desert the oaths which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion. Whatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle.

It is substantially true that virtue or morality is a necessary spring of popular government. The rule, indeed, extends with more or less force to every species of free government. Who that is a sincere friend to it can look with indifference upon attempts to shake the foundation of the fabric?

Promote then, as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of a government gives force to public opinion, it is essential that public opinion should be enlightened. Chapter Eleven – Liberty, End of Divine Right of Kings

Video 23 – A Fourth of July Appeal – July 4, 2018 – <https://youtu.be/rfs1RUjJFIU> – Transcript

July 4th, we celebrate the dissolution of political bands, having separated ourselves from the divine right of kings to assumed among the powers of the earth the separate and equal station to which the Laws of Nature and of Nature's God entitle us.

My appeal to the Supreme Judge of the world is that you will read the founding document of the American dream, The Declaration of Independence and discover Who provides our unalienable Rights among these are Life, Liberty and the pursuit of Happiness. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, will mutually pledge to each other our Lives, our Fortunes and our sacred Honor. May God Bless you and may God Bless America.

My wife in listening and hearing to this says, "What"? The problem is that we no longer speak in this language of English. And to understand what it says is rare to us. That's a problem that we're facing because what I read to you was out of The Declaration of Independence.

We are looking at an idea. A dissolution of political bands. You see the United Colonies, the thirteen colonies, in 1776 were under attack by a tyrannical king and the purpose of The Declaration was to declare their independence and their freedom from the divine right of kings. (a) We're looking at the king of England. So, what these thirteen colonies did is that they appealed to the Supreme Judge of the World. (a) The divine right of kings, divine right, or God's mandate is a political and religious doctrine of political legitimacy in a monarchy. It stems from a specific metaphysical framework in which a monarch is pre-ordained to inherit the crown before their birth. Wikipedia

Now when you appeal to the Supreme Judge of the world, God. You appeal to God in prayer. So, The Declaration of Independence contains within it a prayer. You're looking at they called upon a power. They called upon twin powers. Not only did they call upon twin powers but they identified these powers as being entitled. These were entitled powers and they understood that as Children of God, we're talking about making an appeal to God, that God would give them powers. Those powers were dual, dual powers which are the Laws of Nature and of Nature's God.

Now the nature laws, we know, we study, we believe in them. We see them every day. We see them in our automobiles. We see them in our cars. We see them in our jets. We use them to turn on the lights. It's an understanding of God's divine creation. We're looking at utilizing that creation for the benefit of mankind. That's one of the powers that were called upon in the founding of the United States of America. The second power that was called upon was the power of Nature's God. Now the power of Nature's God is God himself. God himself revealed, as revealed in the Bible.

So, you're looking at, here we are, in a society today that was founded through two powers. The power of the Laws of Nature and the power of Nature's God. Yet we're living in a society and a culture today that from the 1960s has declared that we no longer want the full benefits that God can end up bringing to mankind. We know better than God. So, we're going to remove God from our country. We're going to remove God from our schools. We're going to remove God from our literature. God can no longer

appear in our public squares. We have to take crosses off of graves. We have to remove Ten Commandment monuments that are in our city halls. All of this has to be removed because we mankind, know better than God and we can end up doing things better than God.

Well, this is a disaster. This has been an uttered disaster. My appeal to the Supreme Judge of the world is that you will read the founding documents of the American dream, The Declaration of Independence and discover who our unalienable rights among these being life, liberty and the pursuit of happiness comes from. Where do our rights come from? My appeal is that you'll come to recognize that our rights come from a person. That person is the person of Jesus Christ. Who is the divine revelation of God himself. That came to earth, here. That died for our sins. That we may be forgiven. Then gave us a gift of the Holy Spirit.

Now there are many of you that know of God. What my appeal today is that you will come to know God. To believe in Him is one thing. To know of Him is another. My appeal for you this 4th of July is that you will recognize that our nation was founded upon two twin powers, the powers of the Laws of Nature and Nature's God. Natural law being one thing and in the spiritual law guided and directed through God and His Holy Spirit. Which is given as a gift through the death of our Lord and Savior, Jesus Christ. Which allows us then to be forgiven of our sins and therefore receive this presence of the Holy Spirit upon our life to guide and direct us to be loved in a world that so much needs love.

The whole gift of God and Jesus Christ himself is love. The love of God and the love of your neighbor. Not as you love your neighbor. But a new commandment that Christ gave on to us and that is, that we have, through the power of the Holy Spirit to love our neighbor as Christ loves us. My appeal and my prayer for today, on the 4th of July, is that we will come to recognize and to celebrate that we have dissolved these political bands. That we've been able to throw away or throw off the divine right of kings. That we've been given life, liberty and the opportunity to pursue happiness individually. That we best do so when we recognize that; there is a God, He is the creator, our rights come from Him, there's power that's contained in the Laws of Nature and Nature's God, and that God is the Supreme Judge of the world. May God bless you and may God bless America on this 4th of July. **End of Video 23**

Video 25 – Root of Liberty – August 3, 2018 – <https://youtu.be/sbsY7ezbCGU> – Transcript

Last Monday at the Monday Night Bible Study we were in John and we were looking at John Chapter 15 verses 1 through 6. In verse 1 Jesus says: "I am the true Vine, and My Father is the vinedresser." (AMP) We went into the discussion about the vine and the vine dresser. The interesting thing is that I am a visual learner. So, when Christ gives His lessons and gives His teaching, He gives a lesson and a teaching based upon physical things that I can end up taking a look at. Well, the discussion led to a revelation that I never thought of before. So, I wanted to share that with you today. Through all the discussions Christ is talking about the vine. As He's talking about the vine, I'm thinking about the vine that's above the ground.

In verse 5 of John 15:5 it says: "I am the Vine; you are the branches." (AMP) So, I've always thought here's the vine, here's the branch and I'm grafted into the vine. I've always thought of the vine being above ground. Well, I'm very blessed at this time at Monday Night Bible Study because we have two

pastors from different churches. That aren't a part of my church that actually attend. One of the pastors gave a revelation and he talked about the fact that the vine is also the root. The revelation that he gave came out of Revelation. It was at Revelation 5:5 and it says: "Stop weeping! Look closely, the Lion of the tribe of Judah, the Root of David, has overcome and conquered!" (AMP) Well, the Root of David of course is referring to a visual, looking at the vine and being that the root is brought forth being that of Jesus Christ. Then he went on and he talked about in Revelation 22:16 and Jesus says "I, Jesus, have sent My angel to testify to you and to give you assurance of these things for the churches. I am the Root (the Source, the Life) and the Offspring of David, the radiant and bright Morning Star." (AMP) Here I am at Monday Night Bible Study. I've been at church nearly thirty years and at Monday Night Bible Study nearly twenty or so years. I'm just getting this revelation because as a visual thinker, I think only about the vine being above the ground. Never thinking of the vine being the total plant. The total plant being the vine and the root. That was a great revelation.

I came back, I gave testimony, I talked with my wife about it and read further about it. As I was reading the thought came to mind as to the root of Liberty. That Christ is the root of liberty. I was wow! What a revelation for me. I just got pretty excited. On my highway of Holiness every now and then God just gives you these inspirations. I'm not Mr. Know-it-all. I'm in this progressive revelation that God is slowly revealing to me His insight and vision. I listen to many and learn from many. It's just an exciting walk to end up walking with the Lord. To end up getting these revelations of God. I just wanted to end up sharing with you. The concept about the root of liberty being Jesus Christ.

So, I went in preparing this video, I went back to Video 23 in my blessing that I have in the 4th of July message there that I gave. I was calling on God that you would end up coming to recognize the source of our life and our liberty and opportunity to pursue happiness comes from a person being Jesus Christ and here Christ takes me personally to the next level. He goes and He says, Jay I am the root. Not only am I the way, the truth and the life. I'm the root Jay. The root of liberty. I just thought I would share that with you. May God bless you and may God bless America. **End of Video 25 Transcript.**

Chapter Twelve – Entire Sanctification, Perfect Love

Entire Sanctification, Perfect Love is real and attainable.

God has always wanted a Holy people He can call His own.

Exodus 19:5-7 New International Version

5 Now if you obey me fully and keep my covenant, then out of all nations you will be my treasured possession. Although the whole earth is mine,
6 you will be for me a kingdom of priests and a holy nation.’ These are the words you are to speak to the Israelites.”

7 So Moses went back and summoned the elders of the people and set before them all the words the Lord had commanded him to speak.

There is a distinct difference between being saved and receiving the gift of the Holy Spirit, Entire Sanctified, Perfect Love.

Acts 8:15-17 New International Version

15 When they arrived, they prayed for the new believers there that they might receive the Holy Spirit,
16 because the Holy Spirit had not yet come on any of them; they had simply been baptized in the name of the Lord Jesus.

17 Then Peter and John placed their hands on them, and they received the Holy Spirit.

Note the receiving of the Holy Spirit is a gift that is given the believer. In Acts 8:17 the gift of the Holy Spirit was given through the laying on of hands upon the believer. You must do your part during your period of regeneration. Stop sinning. Correct those wrongs you have committed. Change your character where you can. Do what you can to be more like Jesus. Surround yourself with other believers that are seeking Holiness. Find a family of God, a church, you can become a part of and become involved. Continue to grow in grace and love of God and the love of your neighbor. Do what you can do and God will Bless you beyond belief. His hand will come upon you and will receive the Holy Spirit, Perfect Love, Entire Sanctification.

You can stop sinning.

John 8:10-12 New International Version

10 Jesus straightened up and asked her, “Woman, where are they? Has no one condemned you?”

11 “No one, sir,” she said. “Then neither do I condemn you,” Jesus declared. “Go now and leave your life of sin.”

12 When Jesus spoke again to the people, he said, “I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life.”

Note when Jesus Christ says you can “leave your life of sin”, you can leave your life of sin.

Stop your stinking thinking.

Romans 12:2 New International Version

2 Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God’s will is—his good, pleasing and perfect will.

You are called to be Holy.

1 Peter 1:15-17 New International Version

15 But just as he who called you is holy, so be holy in all you do;

16 for it is written: "Be holy, because I am holy."

17 Since you call on a Father who judges each person's work impartially, live out your time as foreigners here in reverent fear.

Leviticus 11:44 New International Version

44 I am the Lord your God; consecrate yourselves and be holy, because I am holy. Do not make yourselves unclean by any creature that moves along the ground.

Leviticus 19:1,2 New International Version

1 The LORD said to Moses,

The Church of the Nazarene is an evangelical Christian denomination that emerged from the 19th century Holiness movement in North America. With its members commonly referred to as Nazarenes, it is the largest Wesleyan-holiness denomination in the world. Wikipedia

John 13:34-35 New International Version

34 "A new command I give you: Love one another. As I have loved you, so you must love one another.

35 By this everyone will know that you are my disciples, if you love one another."

Galatians 2:20 New International Version

20 I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me.

Chapter Thirteen – Observations

Character Education

There is science-based evidence that the teaching of character helps in the development of a person. Character is more caught than taught. Character is the inward motivation to do what is right no matter what the cost. Character education is one of the most effective prevention initiatives. Creating a community that fosters and develops good character in its citizens is attainable and a worthy goal. The State of Florida agrees and has made character development required instruction.

The 2020 Florida Statutes, PUBLIC K-12 EDUCATION, 1003.42 Required instruction

(s) A character development program in the elementary schools, similar to Character First or Character Counts, which is secular in nature. Beginning in school year 2004-2005, the character development program shall be required in kindergarten through grade 12. Each district school board shall develop or adopt a curriculum for the character development program that shall be submitted to the department for approval. The character development curriculum shall stress the qualities of patriotism; responsibility; citizenship; kindness; respect for authority, life, liberty, and personal property; honesty; charity; self-control; racial, ethnic, and religious tolerance; and cooperation. The character development curriculum for grades 9 through 12 shall, at a minimum, include instruction on developing leadership skills, interpersonal skills, organization skills, and research skills; creating a resume; developing and practicing the skills necessary for employment interviews; conflict resolution, workplace ethics, and workplace law; managing stress and expectations; and developing skills that enable students to become more resilient and self-motivated. (information taken off the State of Florida Statutes website)

The most effective way of teaching character is to praise based on character. Instead of praising the action, praise the character motivation that brought forth the favored action. This takes an in-depth understanding of multiple principles of character. The result is you are praising the person's inward motivation that brought forth the desired action. In a prevention model, character development is a community effort that brings positive results. We can create communities that foster the development of good character. A group of community leaders formed the Character Council of Palm Beach County.

Department of Juvenile Justice

I worked with a Juvenile Probation Officer and developed a character intervention program. I met with a group of youth once every two weeks and introduced a principle of character. The idea was to show the youth that the principle of character is something that is good. That the principle of character lies within them. Therefore, they are good.

The first meeting was about the principle of respect. I had a youth that was well over 6-feet tall come across the table screaming at me, "When have you shown me respect?" At the beginning of the meeting, I met each youth at the door, shook their hand and introduced myself. I explained that action was a demonstration of respect. The youth sat down and I didn't get any response from them for the next 6-months. The second 6-months they continued to sit in silence. I found out they were bewildered because they found out I wasn't getting paid to meet with them. The third 6-months the walls came crashing down. The youth opened up and individual intervention plans were developed for each of the youth based on their desire for a positive outcome. Praise the Lord.

As Chair of the Circuit 15 Juvenile Justice Board, I started each meeting with the pledge of an allegiance to the flag and an opening prayer. I purposefully invited Black Pastors to give the prayer. Two outcomes were achieved. One, no one at the meeting would ever say that a Black Pastor can't pray and two, I introduced that Pastor to the needs we have in the Department of Juvenile Justice (DJJ). At that time, we had a disproportionate minority contact with the DJJ of over 50-percent of the youth being black coming from a 14-percent black community population. I later would meet with these Pastors and we formed the Circuit 15 Faith and Community Network.

To give you a little bit of background as to who I am. I'm a professional land surveyor by trade. I volunteer my time with my church and with the community. I've had the great privilege to serve with the Department of Juvenile Justice as a volunteer. Over a decade I've spent time with the Department of Juvenile Justice. I actually had the great privilege of being the Chair of the Circuit 15 Juvenile Justice Board. I was also a part of the launching of the faith initiative within the Department of Juvenile Justice. I had the great privilege of meeting with the Secretary as the Chair, the Secretary of the Florida Department of Juvenile Justice who was a Baptist preacher at the time. I had the great privilege of giving him the suggestion that the greatest thing he could accomplish during his term as Secretary would be to get chaplains in juvenile facilities. Lo and behold three years later we had chaplains.

I've had the opportunity to work with the school district in developing an alternative to suspension program. I was also able to lobby the State of Florida to secure some funding that was necessary to bring a classroom portable into our Detention Center here at Palm Beach County. I've been involved and engaged with the Department of Juvenile Justice for a while until I got called to run for Congress.

One of the things that I learned is that the youth that are in the Department of Juvenile Justice more than likely are there because they're victims of some sort either economic, environmental, social, some kind of trauma or something that has triggered their need to be in the Department of Juvenile Justice. A failure of processes, society and our culture. A lot of us, well, even myself personally prior to getting involved. I really didn't understand the dynamics and why do kids actually commit crime. Personally speaking, they're like you and I. They would rather not, but circumstances lead them to commit crime and in doing so they end up in the Department of Juvenile Justice (DJJ).

I reached a point in the DJJ system that I knew too much. I knew too much of the victimization, human trafficking, sex crimes, the things that you don't normally end up hearing on the news. I would find myself waking up in the middle of the night and I'd be crying. I came to recognize and asked the Lord what's going on. What I came to recognize is that maybe God just needed somebody at that time to be crying for these children.

In the course of this run for Congress I separated myself from the Department of Juvenile Justice. God focused me on what was necessary for me to learn to run for Congress until Monday this week. I had a meeting with one of our State Representatives and with members within our church and other community churches about the needs that we have for our children in the DCF system, the Department of Children and Families system. Primarily adoption, the State Representative that we met with, his focus is on adoption. He was wanting some information about adoption. I had the great privilege of

facilitating a meeting and putting a meeting together on Monday. Lo and behold the stories, the horror stories came out again about children. How children are the victims of our failure as a society and as a culture. So, I began to cry again.

I thought I was, well it's not that I thought I was, it's just that you get removed from it. Involved and engaged in what it takes to run for office that I had forgotten the pain and the suffering. This rekindled my heart for the children. I just needed to share that with you. That you would recognize that there is a real purpose. The real solution is Jesus Christ. Even in the court system when we were talking with judges and dealing with them. It's interesting that they knew the things that they were doing weren't going to end up working for the kids. They knew that, several of them knew and had relationships with Jesus Christ. They knew that the only solution was Christ but they couldn't do anything with it because the current justice system has purposed to remove God from our country.

Hopefully through this run, God will use me to wake up our society and culture. Come to recognize that there is a God, He is the creator, our rights come from Him and that the Bible contains the real message on how we should live our lives. I don't know what to do. I just follow in His obedience and His footsteps and He guides me and here I am back to where I'm crying for kids again. I'm going to continue this run, continue this direction and let's see where the Lord leads. May God bless you and may God bless America. **End of Video 9 Transcript**

Run for Congress

I knew something was coming up. I sensed there was going to be a big change. Then came the call to run for Congress. View "Jay Bonner for Florida Congressional District 20 U.S. House of Representatives 2016" at https://youtu.be/VsV_obL3QL4 for the whole story on the call.

There are decisions that have been made at the federal level that have a negative impact upon our lives. Like the removal of God from our country. The control of money creation in the hands of private bankers. A judicial system being more punitive instead of being restorative. Together with the loss of the dream found in The Declaration of Independence and the subversion of the original intent of The Constitution of the United States. Had I not run for Congress my eyes would never been open to these needs.

The question is what are you going to do to take back your country for the Glory of the Lord? Will you join me in embracing the Judeo-Christian heritage that our nation was founded on or do you want to continue going down the road we're on right now? My hopes and my prayers are that what you've read here in this book will spark a light in your life to get involved.

It's interesting in this journey that the Lord has taken me on that He gives me pieces to a puzzle and components to a plan. He works me through the plan so I grasp hold of what's needed to end up knowing enough about the plan. To understand it, to be able to articulate and bring it to you. I've talked to you about the importance of The Declaration of Independence. How the Constitution is a wall of protection for our God given rights. How our God given rights were established by The Declaration of Independence. How God wants to save America.

I've talked about how we need to take back our money. It's interesting that God just gave me a young man, who's a banker. I'll talk with him and see where the Lord's leading in him. Hopefully he will be one of many necessary to bring State chartered banks throughout all the 50 States and the establishment of the United States Note to replace the Federal Reserve Note. Bringing forth a monetary system that's for the benefit of "We the People" instead of private bankers.

As the revelation keeps coming, I'm segmented in these parts and in these pieces. Tonight, there is like this whole thing, this whole picture came together. I realized the awesomeness of it. But I also recognized that I'm probably not the only one that's being given this revelation. Because if you're looking at the immensity of or the complexity of bringing all this together and making this work. It just cannot be just one person. I just stand amazed. The thought comes to mind. How do I communicate? How do I end up contacting those others that God is talking too in the other parts of our country? There's got to be one in each of the 50 States. At least 50 people with ideas like me that are struggling with this overwhelming amount of information that God is giving. Then the thought is, is it time for us to connect? Is there more that God wants to end up revealing? Tonight, I'm just really excited because of the fact that I've been deep diving into these ideas, these concepts, these parts and these pieces. Tonight, God gave me this rally point of this revelation. Bringing all these pieces back together. To where I got an idea how they're all supposed to fit together.

The key is and that is that for God to save America, God's got to save America. Which means that it's not going to be Jay who's going to end up saving America. It's not going to be others who are going to end up saving America. It's going to be God in us, through us saving America. That means dying to self. Coming alive in Jesus Christ. Actually, taking our country to a Spiritual level that we've never done before, never seen before, never existed before. If you read God's word. If you read God's plan that's what He's always wanted to end up doing. That's in the Bible. That's in the Laws of Nature and Nature's God. May God bless you and may God bless America. **End of Video 16 Transcript**

Chapter Fourteen – ALS – Amyotrophic Lateral Sclerosis

Video 29 – I almost died – June 10, 2019 – <https://youtu.be/EZYmVh3XlvM> – Transcript

Friday I was on a job site. I'm a professional land surveyor. We were out staking a wall. The location of a wall. It was hot. I was hot. We completed the job. I came back to where the house was under construction. I took a bottle of water and chugged the thing down. I ended up pouring water into my lungs. Aspirated water into my lungs. Needless to say, I was standing in the back of this house drowning. Now I work with my wife. She was there and witnessed this whole thing. Fortunately, I was able to bend over and get some air back behind the water to push the water back out. I ended up being able to get a breath of air to clear the rest of the passageway out.

In that process I came to realize how valuable life is and how easily I can end up losing my life. My perspective since Friday has really changed as to what is important and what's not important. As you have probably gathered from my videos in the past. The other 28 videos that I've created. This lie that we are living under is not good. There's a much better way that we can live. That way is in the Holiness of the Lord. We have a Pew Report that came out that said about 56 percent of Americans believe in God of the Bible. We need all of us to believe that there is God. That God is the God of the Bible. In doing so we could begin to live in His Love, His Divine Love. In living in His Divine Love, we could end up changing this world to where it's much more fun to live. There's a lot of evil in this world. There's a lot of hurting people in this world. A lot of that could be overcome by us living in love.

I'm on this campaign and have been on this campaign for a while. That is to end the evil. Those that are wanting to steal from us. To take away this value of love. They do so by removing God from our country. By removing God from our schools. Removing God from any kind of social communication. When God is love and you desire to remove God from your country. You're talking about wanting to remove love from your country. How crazy could that be. I encourage you. That you join with me in a campaign to reinstitute this love. This Divine Love that God has for His creation from the beginning of mankind. This Love that we have yet to attain as human beings. This love of God and the love of our neighbor, our families and ourselves. I just pray that God would end up helping us in achieving this dream that You have for Your creation in Christ I pray, thank you. **End of Video 29 Transcript**

I didn't know it at the time of this near drowning, but the failure of the flap in my throat to close, protecting the lung from the water, was the beginning of my physical decline brought on by ALS, Amyotrophic Lateral Sclerosis. December 10, 2019, I went into the hospital. On December 31, 2019, I was diagnosed with ALS. I have been on a respirator with a plastic tube, a tracheotomy in my throat since then. ALS changed my life activities, my life priorities and allowed me the opportunity to work on this book in hope to rally the faith community to take back America for the Glory of the Lord.

Today is Monday, August 23, 2021. I have a program that I use to read through the Bible in a year. I listen to the Bible while tube feeding my breakfast. I learned from a former pastor a way to also read through Proverbs and Psalms in 30 days. Today is the 23rd. So, I also listened to Proverbs 23rd. I also listen to Psalms 23rd then I add 30 (23 + 30 = 53). So today I listened to Psalms 23, 53, 83, 113 and 143. Tomorrow will be the 24th. So tomorrow I will follow the same process using the number 24. This way I read or listen to Proverbs and Psalms in 30 days. I have done this now for over twenty years.

Today I got a blessing from the Lord in listening to Psalm 23. I am walking through the valley of the shadow of death (Psalm 23:4). I shared this thought with my current pastors. It is so cool that at this time in my life I have two pastors at the Church of the Nazarene. I shared with them that there is a beauty walking through the valley of the shadow of death. Where every breath I take is provided by a machine. I explained that the remaining verses in Psalm 23 attempt to explain the beauty. That the beauty lies in a living, loving relationship with our Lord and Savior, Jesus Christ.

Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever. (Psalm 23:6) Blessed are those who dwell in Your house! They are ever praising You. (Psalm 84:4)

It is so beautiful when God speaks to you through His Word. My hope and prayers are that you have reached a walk with the Lord where His Word speaks to you. There is nothing more beautiful.

Chapter 15 – Closing Reflection and Prayer

Psalm 115:16 New International Version

16 The highest heavens belong to the Lord, but the earth he has given to mankind.

Video 2 – Kingdom of God Introduction – November 26, 2015 – <https://youtu.be/nF3vdrm-jOg>

It's been a while since I've reported on this video blog of mine. I've established a YouTube Channel. I have my first video actually posted on YouTube through my website. I'm going to try to convey a leadership message for our country. For my community by the use of video and the YouTube blog, channel or whatever and go from there. The goal of this campaign. This race that I am being led to run through God and through the Holy Spirit is to rally the faith community to take back our country.

The interesting thought today is that the Kingdom of God is at hand. I have come to literally believe that the Kingdom of God is at hand. Monday at the Monday Night Bible Study at the Church of the Nazarene in Palm Beach Gardens, Florida. A pastor from another church introduced through his message on the Family Series. Well, he reintroduced the idea that Christ is the cornerstone. That our foundation has been laid. We have a tremendous foundation through the Laws of Nature and Nature's God with Christ being the cornerstone of this heavenly foundation. These principles that have been given to us for the building of this Kingdom of God. The idea that the Kingdom of God is at hand means that we through the blessing of the Lord. Through the blessing of the Holy Spirit. Have been given the authority and the dominion of earth to literally build upon this foundation of the Laws of Nature and of Nature's God with Christ being the cornerstone to build this Kingdom of God.

The beauty of where we are at right now is that the United States of America has never in its life been at such a beautiful point. We have the technology to really truly go to a much higher level as a society and a culture than we ever have before. With the knowledge of that there's a tremendous amount of attack that has happened upon our nation, upon our country. The battle is not amongst ourselves. The battle is spiritual. There really is a spiritual world. There really is a heaven. There really are angles and God our Father really wants to take us to this next level. We've been given this foundational structure of the Laws of Nature and Nature's God with Christ being the cornerstone. We've been given the walls of this kingdom. The intra-structure structure of this kingdom has been established through The Declaration of Independence and through the Constitution of the United States.

It's our duty and our responsibility as men and women of faith to build and sustain this structure of God's Kingdom here on earth. We need to do so by electing men and women of faith back into our country. You see the enemy the devil the enemy has taken our role as men and women of faith out of leadership, out of our country. We're remove from our country. We've removed God from our schools. I don't need to go any further about it. You guys already know that. The goal is how do we end up restoring America? The beauty of it is the tools to restore America already exist. They exist in our Declaration of Independence and in our foundational document being the Constitution of the United States. Literally it's so simple. We vote in men and women of faith into leadership positions. It's that simple. In doing so we receive the blessing that comes from God through Godly leadership. Now the concept is old. It's an ancient concept. You can read it in the Bible. That when Israel had followed God and became a part of God. When Israel's leaders were Godly men being their kings. Israel was blessed.

There's this line of authority and protection that happened upon Israel through Godly leaders. When godly leaders removed themselves from God then Israel suffered. We're in the same predicament. It's history repeating itself. That when we have ungodly men, men who are purposed in our federal government to serve money instead of God. Then we have a corrupt system. We have a system of leaders that "We the People" no longer trust. That "We the People" no longer believe in because money is the focus. We need leaders back in our country that are focused on God. In doing so we receive this blessing of the Holy Spirit. The question is how do we get this message out, number one? Number two, how do we rally us, being men and women of faith, back into leadership of our country?

Video 32 – Prayer, From Glory to Glory – June 1, 2019 – Audio File – https://youtu.be/rYIWN3I_1Cg
I just got done listening to a speech I gave back in 2014. I'm just sitting here, just like tingling all over with the Lord. Sitting here just crying. I'm just filled with His presence. It has everything to do with God's desire for Him and His people and His creation. Back prior to the creation of kings. God had a plan for man. That plan for man was delivered to Israel. Israel instead of having God being the King of kings and the Lord of lords. Decided they wanted a king like their neighbors. So, God gave them Saul.

In this speech I touched on the point that the divine right of kings ended on July 4, 1776. Which meant that the curse that man put upon himself in desiring kings from king Saul on to July 4, 1776 was ended July 4, 1776. Where mankind again has been given the opportunity for God to be the King of kings and the Lord of lords. That mankind again through the formation of the United States of America has been given the opportunity to be a self-govern nation with God being the Supreme Judge of all mankind.

Of course, these last hundred years specifically since the sixties we've seen a real effort to remove God from His position of authority and leadership in this nation. In doing so we are about to lose all of our life, all of our liberty and all of our opportunity to pursue happiness. I'm sitting here in consideration of His blessing. God has given this message that the world needs to hear. We have got to return back to God. We've got to gather the vision that was laid forth on July 4, 1776 in The Declaration of Independence. We need to rally at that point and look to build the vision that has never been created before. We have yet to achieve this vision that God has for "We the People", We, His people.

Wow, I am just like tingling. I am just like tingling all over, wow. We have such an opportunity, such a blessing to go to this next level of relationship with God. That mankind has never seen or done before. I just pray that we can continue to go forward with His blessing. Onward to the next plateau of glory. Which is in the Bible referred to as from glory to glory. Oh God take us to the next glory. Thank you, Lord Jesus, Amen. **End of Video 32 Audio Transcript**

2 Corinthians 3:17-18 King James Version

17 Now the Lord is that Spirit: and where the Spirit of the Lord is, there is liberty.

18 But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord.

2 Corinthians 3:17-18 Amplified Bible

17 Now the Lord is the Spirit, and where the Spirit of the Lord is, there is liberty [emancipation from bondage, true freedom].

18 And we all, with unveiled face, continually seeing as in a mirror the glory of the Lord, are progressively being transformed into His image from [one degree of] glory to [even more] glory, which comes from the Lord, [who is] the Spirit.

May God bless you and may God bless America.
